July Fourth Celebration Set For Your Enjoyment

Lockman-Bevington Civil Engineers

Report Prefers Closed Pipe For Canyon Wash Job

Second In A Series of Report

Present Plans

The present plans include an open cement channel, closely following the present rubble channel alignment, and excavation behind the Sierra Madre Dam to increase the capacity to approximately 250,000 cubic yards.

The pertinent facts on the existing basin and channel and the present proposal are as follows:

Present:

1. Channel capacity is limited by the three sharp curves where the capacity before water would spill out of the channel is from 800 cubic feet per second to 1,270 cubic feet per second.

2. The capacity behind the dam is 152,000 cubic yards.

Proposed:

3. Channel capacity would be 2,800 cubic feet per second at the dam and would be increased to handle inflow at various points until the maximum would be 3,400 cubic feet per second at Camillo. The design includes a 2' free board between the water surface and the top of the channel wall.

4. Excavation would be performed behind the dam to increase the capacity to 250,000 cubic yards.

5. The channel would be an open channel, with the bottom super-elevated to provide the extra control needed at the curves.

6. The Los Angeles County Flood Control District will raise channel walls at super-elevated sections to existing ground line, so as to not require extra right-of-way.

7. The normal maintenance

access road constructed along side of the channel will be eliminated due to the limited right-of-way.

8. There is no work proposed on the present dam (height increase, additional openings, etc.).

9. The construction of the channel will be generally within the existing channel. To accomplish the required alignment at the curves there will be a need to remove five houses, one porch, and two garages.

10. The old channel will not be removed, but the bottom will be perforated to

Pop Warner Parents' Meeting

Last Tuesday at Hale Elementary Auditorium Coach Tom Hamilton of PHS and Ben Steelhead of Muir addressed an estimated 150 parents and players of Pasadena Pop Warner Football, Inc. in the group's first pre-season Parents' Meeting of 1968.

Head Coach Hamilton applauded the effort of Pop Warner to stress scholastic values for all football players. He said that desire can sometimes overcome a lack of ability. That sometimes a boy may not seem to be very skillful but that this desire earns him a place on a team. He stated that aggressive spirit is very important. That he was proud of this past year's team because it never gave up. He concluded by expressing his philosophy: "Football is a discipline in a society in which society is losing discipline."

Head Coach Steelhead told the assemblage that football players have an opportunity to be an influence in our world. He stated that religion was so important to him and he felt that it should be important to athletes. He cited some football teams which pray prior to playing football, teams such as Oklahoma U., and the Green Bay Packers.

Sierra Madre Population Now 12,071

Sierra Madre goes up in population but drops to 61st place in population with the other 76 cities in the county. The population figures released by the Los Angeles County Regional Planning Commission show Sierra Madre now at 12,071.

In 1960, at the time of the national census, Sierra Madre showed a population of 9,732, or an increase to present day of 24.0 per cent. In 1960 the city was 56th in rank and has now dropped to 61st.

Bible School To Close June 27

Bethany Church of 93 N. Baldwin invites the public to attend the closing program of its Vacation Bible School on Thursday evening, June 27, at 7:30. The program will be held in the church sanctuary with all departments participating.

Vacation Bible School at Bethany Church began on June 17 and will conclude on June 28. Each morning at 9 the boys and girls met at the church sanctuary for the general assembly, to hear a missionary talk, a special story or to witness a puppet demonstration. Classes began at 9:30. Each day the children participated in an interesting program of crafts and recreation in addition to the Bible Study periods.

The entire Vacation Bible School Staff of Bethany Church would like to have everyone attend the closing program to witness what the boys and girls have learned. There will also be an opportunity to visit the various departments and classrooms to see first hand what the boys and girls have accomplished.

Sirens Blow Fri., June 28

Civil Defense sirens in Los Angeles County will be sounded in the customary month-end test of the various warning system, Friday, June 28, at 10 a.m., Sheriff Peter J. Patches announced.

As is usual for this test, held on the last Friday of the month, the sirens will be heard in an undulating tone, which will be sounded for one minute. The sirens would be heard for from three to five minutes in the event of an actual enemy attack, Patches added.

A Rip Roaring Time Planned For All Day; Dance Concludes Day

The highlight of any Fourth of July celebration is a parade. This year Sierra Madre will see the biggest parade to ever march down Sierra Madre Blvd. The parade will be led by the El Toro Marine Band. It will start at 10 a.m. on Sierra Madre Blvd. at Sunnyside and will proceed west on Sierra Madre Blvd. to Sierra Vista Park.

Also, additional musical groups can be used in the Park. In order to participate, it is suggested that you contact Mr. Smith immediately.

Trevor Toozie has spearheaded the arrangement committee with many hours of leg work, meetings and telephone calls. Let's one and all watch the parade go by to Sierra Vista Park and enjoy a real old fashioned Fourth of July celebration. We can be proud to live in Sierra Madre where such a celebration is possible.

Provisional parade lineup for Sierra Madre "Home Town Celebration" are:

Fire Call Wed. P.M.

A mattress fire called the Sierra Madre Firefighters into action at 1:09 Wednesday afternoon to the home of Mr. and Mrs. Alonzo Sotelo at 91 West Bonita.

Engine 423 arrived in one minute and 49 seconds after the sounding of the alarm and found that truck 421 and 422 were already on the scene and that the fire had been extinguished by the use of a garden hose. Engine 424 arrived 5 minutes 4 seconds later.

Fire Chief Charles Brown estimated the damage at \$25 and ascertained that the cause of the fire may have started possibly by the Sotelo's son, Lon, playing with matches.

Fire Chief Brown urges all parents to take a few minutes out of your busy day to set down and have a friendly talk with your children. Most children are deadly afraid of fire, and by telling them the consequences, they are quick to understand and will then leave matches and fire untouched.

Ten firefighters and one reserve answered the alarm and were dismissed at 1:32, returning engine and equipment to station one, ready for the next alarm.

Unusual Flag To Fly July 4th

On June 14, Flag Day, Mr. and Mrs. Gordon Baker Lloyd, of this community, were given a most unusual flag, at Gordon's 73rd appearance at the Oakland Men's Garden Club.

The flag presented by Mr. and Mrs. Robert Mac Kay of Fieldbrook Rd. in Oakland, was given to the Lloyd's because of their great interest in history. This lovely 10 foot flag was flown over the USS Charleston on her trip to the Far East in 1908 and 1909.

The Lloyd's felt the flag should be flown again and it will fly on our town flagpole during the ceremonies starting on our own Fourth of July parade. It will then be taken down and stored again for further patriotic use as needed.

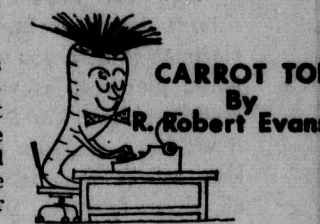

Description of the flag and the annual Fourth of July parade, was given by Gordon on his Sunday show over KGO San Francisco, June 23. This show covers seven-eighths of the California area and is the widest listened to Garden Show in California.

Of further interest is the

2 years ago to date	26.78"	

Fire is something that we generally leave to other parts of the newspaper, but since we firmly believe that we do have some readers who read only this column, and for them we have a special message.

—CT—

This is going to be one of the most crucial years for fire that we have had in the past decade. This is only June and already we have had days that showed a fire index of 10. Many of them have been 7 and 8, and any time that you advance above 6 we are in extreme fire danger.

Weeds have never been drier at this time of the year. As Fire Chief Charles Brown has stated, "They are like gunpowder." A spark from a grinding wheel set off one brush fire this season, and the sparks from a train wheel set as many as ten fires along the right-of-way.

—CT—

Fire Prevention has given the city a complete and thorough going over. They listed and notified close to 300 property owners in our city limits that their property contained weeks of the nature that were a fire hazard.

—CT—

They asked these people to go to work immediately on the problem and eliminate the weeds, and were given until June 17 to accomplish the job. After that time it would be necessary to notify the city crews and they would move in and do the elimination and charge the expense to the property taxes.

—CT—

Monday morning, June 17, found that all property owners had answered the plea of the Fire Prevention Bureau except approximately 47. City crews moved in on those and are now removing the weeds.

—CT—

But please remember, it will take all of July and August to accomplish this job, and in the meantime some of those properties will be a danger to the community. Do everything in your power to be careful with FIRE. If you have young children in the home, do take a few minutes of your time and sit down with them and explain the danger of playing with matches or anything that is combustible. . . it could save your home, and the home of your neighbor. . . Let's be triple in our vigilance for this year.

—CT—

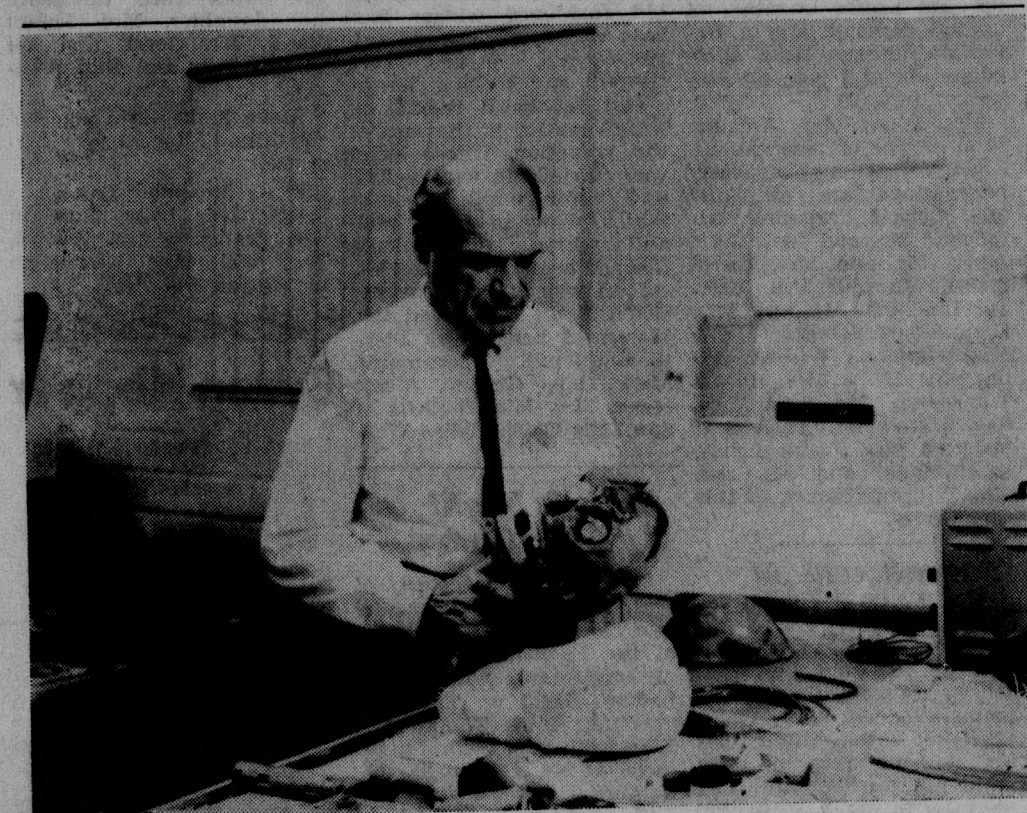

In a recent court hearing in Pasadena, a wise judge who was noted for his modern views was sentencing the defendant in a serious matter. "I'm going to give you the maximum punishment," he said. "I'm going to let you go free and worry about taxes, politics, strikes, high prices and the atom bomb, just like the rest of us." . . . and you know, we all do worry about those things.

—CT—

"Only a handkerchief maker likes to have people stick their noses in his business."

Preliminary Budget Rate Shows Half Cent Decrease

DONALD F. CARTER, employee of Sierra Engineering and South Pasadena Engineer received the National Life Science Award for his contributions in the field of Biomechanical Engineering at the AILSA Convention in Miami Beach, Florida. He was the top engineer in the developing of Sim One in Sierra Madre.

Employee of Sierra Engineering

Donald F. Carter Honored; Presented AILSA Award

The Aerospace Industrial Life Sciences Association recently announced unanimous selection of Donald F. Carter as the recipient of the 1968 AILSA Award for Excellence; Carter accepted the award in person at the AILSA Convention in Miami Beach, Florida.

The award, in part, reads as follows: "The program to produce 'Sim One' — a medical simulator for anaesthesiology training — represented the combined efforts of Sierra Engineering Co., University of Southern California Medical School, and Aerojet General Corporation. The responsibility for design, development and test of Sim One while he was being built at Sierra Engineering Co. belonged to Sierra Project Bio-Engineer Donald F. Carter. Donald Carter's performance on this project is the finest demonstration of effective interdisciplinary effort in biomechanical engineering. We, the officers of the Aerospace Industrial Life Sciences Association, do therefore unanimously present Donald F. Carter the 1968 AILSA Award for Excellence."

Protected Fire Area Now Closed

"As of July 1, all portions of the Protected Fire Area above the 1300-foot contour will be closed to all persons except by written permit from the Fire Marshal's Office."

This statement was issued this week by Fire Marshal Richard Ludden as he placed the closure signs throughout the areas. The only persons allowed to issue Closed Area entry permits are Fire Chief Charles Brown; Fire Prevention, Richard Ludden, Fire Inspector Donald Burleson and any member of the U.S. Forest Service. No others.

For an individual to obtain a Closed Area Entry Permit, he must first complete the application form. The application form must then be submitted to the Fire Prevention Bureau for approval. Final approval of the application will not take place until after 4 p.m. the day prior to the date requested on the application, and the application will be approved only if the Fire Index will allow.

Upon approval of the application an entry permit will be issued. This permit is only valid for one day during the daylight hours. Once the individual (and party) have returned from the Closed Fire Area he

KONKLER LOSES POOL

Mr. and Mrs. Donald Konkler in their suit against the City of Sierra Madre for a Summary Judgment and Declaratory Relief concerning their swimming pool lost their case before Judge Frank Wickhem in Superior Court in Pasadena.

Judge Wickhem issued his opinion, Friday, June 21, from a trial that was held on Friday, May 17 in Pasadena. Fred Wong, representing the city on behalf of City Attorney Martin and Attorney Benjamin Sussman of Los Angeles was the attorney for the Konklers.

The Judge granted the City an injunction motion to abate the swimming pool. It is now up to the City Council to set the time limit as to how long before abatement of the Konkler pool is necessary.

Should the city now grant the Konklers a variance to allow the pool, or should the Konklers apply for a Variance and receive same, then the whole matter would be subject to another suit from anyone in the vicinity that might declare the swimming pool a nuisance installation contrary to the Ordinances of the City of Sierra Madre, and would have the Court ruling to back up their suit.

Licenses For Dogs Due July 1

If you're a dog owner, you probably realize that it's almost time to renew your pet's license.

It is unlawful, according to Sierra Madre City Codes, for any person to have, keep, maintain or harbor within our city, any dog without first having obtained an annual license from the city.

Three dollars (\$3) per year, payable in advance is the fee for the license which runs from July 1 and expires at midnight June 30 of the succeeding year.

A license for any dog under the age of 4 months is not necessary, but don't neglect to purchase one after that!

You may obtain your dog's license at the City

Canyon Wash Hearing Set For Meeting of July 9th

The Preliminary Budget presented to the City Council by Darwin Dennis showed a decrease in the tax rate of one-half cent over the previous year. As in prior year the budget was a very well prepared budget, using an estimated valuation of \$23,930,000 which is felt to be a very conservative figure over the valuation of \$23,570,510 of the previous year.

The Preliminary Tax Rate has been presented at \$1.642 cents per \$100 valuation and has been divided among the following accounts: General Fund, \$1.00; Parks and Recreation, .225c; Library, .30c, and Retirement, .117c. The reduction over the previous year came in the elimination of the Interest and Sinking Fund for the year, due to the present City Hall Bonds and Water Bonds being retired. This was a reduction of .031c, but an increase of 2c in the Library Fund and .006c increase in the retirement fund left the Preliminary Budget calls upon the Taxpayer through the taxation of his property to raise \$392,932.00 as compared to \$388,206.00 the previous year. An increase to the taxpayer of \$4,726.00.

A transfer from the Water Fund to the General Fund in the amount of \$65,668.00 is expected which includes payment for those services that are General Government Services provided to the Water Department that are paid for by the General Fund.

The City Council has set Tuesday, July 2 at the hour of 7:30 for the first hearing on the Budget for the coming year. They will now try and reduce the Preliminary or spread out the money available to accommodate more services.

City Agenda Mailings Cancelled

The Sierra Madre City Council holds regular meetings on the second and fourth Tuesdays of each month. An agenda of Council business is prepared and is available at the Council Chamber on the meeting night.

Advance agenda copies may be secured at City Hall at any time during the day preceding and on the meeting day itself.

Man Killed — 7 Acres Destroyed

A forest fire in the Sierra Madre Wilderness area, reported at 5:05 Wednesday morning, June 19 burned seven acres of virgin timber, claimed the life of a bulldozer operator and the injury of a Forest Service employee.

George Drury Muller, 261 Alegria apartment 3-E, age 53 is being held by Los Angeles Sheriff's Office for questioning in the setting of the blaze. Muller was found near death, approximately one-half mile from where the fire started, his condition caused by exhaustion and exposure. Heresay has it that he admitted that he was lost and set the fire to attract attention to his whereabouts. If so he could be charged with arson and homicide, which most probably will be determined in court at a later date.

Don Porter, PIO for the Forest Service stated that Al J. Biancalana, 58, of 6712 N. Goldenwest in Arcadia was killed when a bulldozer turned over and rolled down a 300 foot bank. He was a 16 year employee of the Forest Service, titled as an Engineer Equipment Operator Foreman. He leaves his wife, Bernice and a daughter Sandy and son Mark. He was in the process of clearing a road to enable fire equipment to approach the blaze.

Angels National Forest Service supervisor William

THE BATHING BEAUTIES,
VINTAGE '68

Out of the kitchen. Away from the PTA. Home from the office. Time for the blissful bath, woman's newest escape route. Paved with oils, rich with all the spices of Arabia. Harem-inspired, looking back to the dreamy days when a woman spent her waking hours glorifying the body beautiful with lotions and nards and oils and scents dedicated to the glory of awaiting her lord and master.

Ah, me, no wonder cosmetic caterers are falling all over each other right this moment, dishing up new delights for the blissful bath most women make a treasured daily ritual. Relaxing, utterly female, this half hour of lolling around lapping up all this luxury at least makes you feel just a bit wicked or a mite guilty. And — —

Now our Helene has TWO assistants, Jacquelyn Marshall and Sandy Hartman to help you with all your cosmetic pleasures as well as your cosmetic problems. Come in to meet them! It will be a pleasure for both of you. They will be real happy to show you all of our Scenters, Soothers, Smoothers, Cleansers and give you timely advice, should you need it, and they would like to show you some of the latest do-dads in our jewelry department.

In the back section of the pharmacy we are filling your doctor's prescriptions and taking care of all your health needs. See us SOON!

Rudolph R. Hartman

To get to heaven, turn right and keep straight.

July 4th: Shoot Off
...Your Camera

Maybe we're old-fashioned, but we think the Fourth of July is a favorite holiday. It's a fun holiday . . . with a good parade in the morning and a picnic with the gang later on. If the Fourth means fun to you, make a note right now to save the weekend—in your picture memories. So drop in now. We have Kodak Film for all your needs, for any camera . . . so you're ready to snap the spirit of '68 when it happens!

Palm Springs Honeymoon For Mr. and Mrs. David J. Case

MRS. DAVID J. CASE
... Nee Sharon Louise Moore

An April wedding in the Latter Day Saints' Temple in Los Angeles united Sharon Louise Moore, daughter of Mr. and Mrs. Raymond Libby of Oakwood Avenue, Arcadia (and the late Captain David Moore, USAF) and Mr. David J. Case, son of Mr. and Mrs. Wallace Floyd Case of South Carolina.

For her wedding, the lovely blonde chose a formal gown with an empire waist, of ivory English net and embroidered lace. A detachable train was held by two small bows at the waist. The bell sleeves and bodice were lace and seed pearls and the embroidered lace bordered the hemline. A small lace and pearl crown held her veil of illusion net.

Attending the bride as maid of honor was Miss Ann Buffington of Arcadia and the bride's sister, Miss Robin Libby was flower girl. The bridegroom's sister, Miss Beverly Case came from South Carolina to act as bridesmaid.

After the wedding a reception was held at the Libby home where the new Mrs. Case's brother, David Michael Moore presided as greeter. Musical background was provided by friends of his, Jerry and Wally Slavin.

In charge of the guest book were Sharon Clayton and Dolly Dent while Sally Glausel and Mrs. Essy Libby took care of the gift table. Others assisting at the reception were Mrs. Albert Nichol, Miss Susan Buffington, Miss Margaret Glausel and Miss Patti Garrison.

Out-of-town guests, which included the bridegroom's mother, Mrs. Wallace Floyd Case, of South Carolina, were Mr. and Mrs. Fred C. Wilson of Paso Robles, uncle and aunt of the bride, and Mr. and Mrs. Prescott Hardy of Salt Lake City with their son Bart, daughter Nona Lynne and her fiancé.

Sharon, the granddaughter of Mrs. Edith Williams of Palos Verdes Estates, a former resident of Sierra Madre, and the late Arthur Guy Williams, is a senior at Brigham Young University and is also practicing teaching in the third grade. David, who spent his two year mission for the L.D.S. Church in the Los Angeles area, is a speech therapist major at BYU.

After a honeymoon at the Palm Springs home of Sharon's uncle and aunt, Dr. and Mrs. Randal Maass, during the brief spring semester break, the newlyweds returned to Brigham Young University where they are attending the summer session.

New President For Kappa Deltas

Mrs. Leighton B. Tuck, Pasadena, was installed president of Southern California Council of Kappa Delta recently at the home of Mrs. Robert Gerardin, South Gate. Mrs. Tuck is a member of the Pasadena Alumnae Association of Kappa Delta.

Other Southern California Council officers installed were: Mrs. La France Terrell, Orange County Alumnae Association, vice president; Mrs. Lloyd Smith, South West Los Angeles Alumnae Association, secretary; and Mrs. Ronald Langford, Glendale Alumnae Association, treasurer.

Twelve Alumnae Associations attend Southern California Council meetings five times a year. The first meeting of the coming year will be held September 11, at the Alpha Iota Chapter house UCLA to formulate plans for a benefit to be held in the spring of 1969. Proceeds from these benefits go to muscular dystrophy.

Mrs. Tuck is also president of the Mothers Club of the Fraternity of Phi Gamma Delta; and has been active in San Marino Women's Club and Pasadena Panhellenic Association. She holds a Bachelor of Science degree in business administration from University of Southern California.

Visiting from cool San Francisco last week were Mrs. Toner and two sons and family dog, a dachshund, "Fritz." They drove down to be house guests of friends Roy and Evelyn Begley of 89 West Olive Ave. The Toners really picked a hot, smoggy week to visit our neck of the woods.

New Swim Club Opens In Arcadia

The Tri-City Swim Club, which is a private club located on the campus of Baxter-Anoakia School at 701 W. Foothill Blvd. in Arcadia, is now open for business. Instruction is offered in beginning swimming as well as competitive swimming.

The club will also compete as a team in A.A.U. Competition throughout the summer. Coaching are Mr. John Elkrem of La Canada and Mr. Julio Molina of Ecuador, South America. Registration can take place at the club between 9 and 11 a.m. and 4 to 5 p.m. Monday through Friday or by contacting Mr. John Elkrem at 790-7143. Brochures are available upon request.

Kappa Delta To Dinner-Dance

Kappa Delta Pasadena Alumnae Association members and their husbands will gather at a nearby inn for an exotic evening of dining, dancing, and a Hawaiian-Tahitian floor show beginning at 7 p.m. on Saturday, June 29.

Mrs. Leon Foley, Arcadia, is in charge of reservations. Among those making early reservations are Mr. and Mrs. Roland Carpenter, Altadena; Mr. and Mrs. John Jones, Mr. and Mrs. David Small, Mr. and Mrs. Richard Lindberg, Mr. and Mrs. Leon Foley, Arcadia; Mr. & Mrs. Raymond Wilbert, Alhambra; Mr. & Mrs. Harold Tubbesing, Mr. and Mrs. Ray Unterreiner, Pasadena; Mr. and Mrs. Frank Lewis, La Canada, and Mr. and Mrs. William Tucker, of this community.

Tournament of 'All Irons' Give New Low Net

Eaton Canyon women played an "all irons" tournament for low net. Beverly Whitaker took a flight hon with a net 35 after matching cards with Peg Simpson to break a tie. Flo Temmesfeld came in third with a net 35½.

Yolanda Whitte captured B flight honors with a net 36½. Ann Kessler placed second with net 37½. Third place honors went to Gretchen Mikolyczyk with net 39½. In C flight, Margaret Dunkle placed first with net 38. Marge Carta and Eva Bassett came in second and third after matching cards to break a tie with net 41.

Ann Wilkins took D flight with net 33. Second place went to Marge Phelps with net 37. Doris Ireland took third place with net 38 after breaking a three way tie.

Swim Party Set For Thurs., July 11

A swim party and salad bar luncheon are planned by Pasadena Alumnae Association of Kappa Delta for Thursday, July 11, at 11 a.m. at the home of Mrs. William Bassett, 708 Winston Ave. San Marino.

Invitations have been extended to alumnae in the area. Informal dress and dining on the patio will provide a relaxed setting for newcomers to become acquainted.

Mrs. Roland Carpenter, president, 337 Ellington Dr., Altadena, is in charge of reservations.

Mrs. Daniel Banks, San Gabriel, chairman of the event, will be assisted by Mrs. Leon Foley, Arcadia; Mrs. Ralph E. Erickson, San Marino, and Mrs. Arnold Gehlken, San Gabriel.

Third Generation Arcadian Married In Exotic Candle Light Wedding

Dianna Joan Rudy and Stephen Gray Parker were joined in marriage in an exotic candle light wedding at the Wilber Webb Chaffee home, 180 S. San Gabriel Blvd., Sunday, May 5.

The Chaffee's are long time friends of the bride and her parents, it was at their home the bride lived while attending Pasadena City College. The bride's gown was candlelight white, hand embroidered organza, worn with a 100 year old veil belonging to Mrs. Chaffee's mother. Tiny star flowers were sprinkled through her hair and caught with a mass of ringlets at the back of her neck.

The five bridesmaids wore water silk dresses, white background, with coral, orange, gold and lavender flowers spilling across the surface. The matron of honor wore coral silk. The bridal bouquet was white peonies, lily of the valley stephanotis flowers. The bridesmaids carried old fashioned wicker baskets with multi-colored tulips, roses, daisies, corn flowers and trailing ferns.

Old fashioned candle lit walkways led to the area of the reception, whose decor was carried out with yellow and white umbrellas over tables done in shell pink and white. Multi-colored flowers centered the tables.

Joan was attended by her sister, Sabri Rife, aged ten. Maron of honor, was Dorothea House. Bridesmaids, Mrs. Dan Gurney, Costa Mesa, Mrs. Mio Youkita of San Luis Obispo, Miss Wen-

dy Parker, sister of the bridegroom. Best man, Wilson Widnick, and brothers of the bride, David Ruby, and Stephen Rife. The bridegroom's mother, Mrs. John Gray Parker wore a gold silk suit, the bride's mother Mrs. Lois Rudy Rife wore a mint lace gown. The bride's maternal grandmother is Mrs. Pearl Strong of 221 San Antonio Rd., Arcadia. Mr. and Mrs. Charles Strong moved to Arcadia from Long Beach in 1920 to start a chicken ranch. They bought two acres from pioneer Anita Baldwin, and built the second house on Diarte Road in Arcadia. Mrs. Strong taught sewing for 17 years under the Arcadia High School Adult Education Program.

Mr. Strong died October 11, 1936, and the property was sold in 1939, when Mrs. Strong purchased a smaller home at 234 San Antonio Road, Santa Anita Gardens.

Mrs. Strong now resides at 221 Santa Anita Rd., with her daughter, Mrs. Robert Gorel, Mr. Gorel, and her niece, Judy and Gail Flannery.

Steve Parker is a contract consultant for Hoyt Aircraft.

The Stephen Parkers spent their honeymoon in San Francisco and Hawaii. They will make their home in Marina Del Rey.

YOUTH EMPLOYMENT

So that Sierra Madre Youth will have a full winter of employ-
ment, they should register immediately with the Youth Employment
service at 49 S. Baldwin. Once registered they will have equal
opportunity to be called as employers need their services.

Attention Employers

Each week throughout the winter, available Youth seeking em-
ployment will be listed in the columns below through Courtesy of
the Sierra Madre Civic Club. The age group is 13 years to 21 years,
but should you not find the services that you want listed, you
are instructed to call --

355-7141

Between the hours of 2 p.m.
and 5 p.m. every day but Sat-
urday & Sunday and a Depart-
ment of Employment member
will assist you in finding the
right person to fill your needs.

NO charge for either Employer or Employee.

Please Only you can prevent forest fires!

S.M. Search Team

Mono County Sheriff's Office was notified. Sheriff Evans called the S.M. Search and Rescue Team immediately and by early Sunday morning rescue teams from all over the state were responding to the call.

Rae Anderson, who is coordinating the rescue teams, advises that no trace of the boy has been found in two days of intensive searching which included 100 men, helicopters and tracking bloodhounds.

The search continues today and now includes the following units: Mono County Sheriff's Department, Sierra Madre Search and Rescue Team, Montrose Search and Rescue Team, Altadena Mountaineers, China Lake Search and Rescue Team, Los Padres Search and Rescue Team, Alameda County Search and Rescue Team, U.S. Forest Service, and tracking bloodhounds from the Charles Mel Search and Rescue Foundation handled by Don Colbert.

Search effort will probably continue through the weekend.

Sierra Madre 6th Graders To Jr. High

The following 6th graders graduated from Sierra Madre Elementary and will be entering Junior High in the fall: Sheryl Anderson, Marc Armstrong, Anne Barden, Richard Barrick, Richard Bazzell, John Beames, Mary Benedict, Samuel Boatman, Alejandro Caffi, Bruce Campbell, Douglas Candalaria, Sharon Carlton, David Carpenter, Matthew Chambers, David Colucci, Yvonne Cooper, Susan Coyle, Jon Davis, Wendy Delman, Kimberly Donoghue.

Also Kathleen Dugger, Lori Dunning, Lisbeth Dyer, Wendy Elliot, Eugene Embree, Victor Falco, Robert Funston, Karen Furumasa, Richard Garbaccio, Gilbert Garcia, Vanessa Gayer, Richard Germond, Donald Groff, David Harvey, Vicki Hashitsume, W. Robert Hastings, Dorothy Havery, Susan Hauck, Kathleen Holloway, Jaime Holt.

Also Kathleen Holloway, Richard Horowitz, Christli Johnson, Lee Johnson, Randall Johnson, Sharyn Kintzel, Tracey Koch, Anthony Konkler, Steven Lakin, Glenn Lambdin, Peter Lindberg, Donald Link, Robert Locatell, Rosemarie C. Lopez, Kenneth Lorenzini, Darlene Martinez, Winnifred McCray, Brett Mendez, Guillermino Mendoza.

Also Donna Miller, Ann Mize, Michael Montez, Kevin Montgomery, Alicia Munger, Alida Naumann, Alan Nielsen, Rex Nielsen, Brent Norris, John Oldham, Barbara Pedersen, Cynthia Peterson, Kenneth Quarnstrom, Michael Riccobono, Daryl Roberts, Eddie Robledo, James Robson, Georgia Rogers, Gregory Ruiz, Thomas Sage, James Simpson, Linda Slepner, Martha Stamer, Robert Starr.

And Suzanne Stricker, Craig Stumpf, Kathleen Sullivan, Thomas Talbot, Elizabeth Tancrill, Edmund Terrazone, Deborah Tucker, Andres Valencia, Mark Van Ness, John Van Sicken, Alex Veirs, Michael Wade, John Wagner, John Walters, Janice White, Pamela Wilcox, Janice Workman, Michael Wyatt and David Young.

Real Estate Tax Penalty

Real estate taxes not paid by June 30, 1968, will carry additional penalties, warns Harold J. Ostly, Los Angeles County Tax Collector.

Property on which delinquent taxes have not been paid by that date will be sold to the State. Additional penalties of one percent per month and a redemption fee of \$1.50 per parcel then will be added, Ostly pointed out.

Notices of delinquent taxes recently have been mailed to property owners by the tax collector. However, because of unknown addresses or being returned undelivered by the Post Office, there are more than 5,000 still in the collector's office.

If the property taxes have not been paid and a tax bill or delinquent notice has not received, the property owner should call the tax collector's office at 625-3611, extension 64541, to obtain a bill.

Payments can be made by sending the tax bill stub and a check or money order to Harold J. Ostly, 225 N. Hill St., Los Angeles, Calif., 90012. All unpaid taxes now require the payment of a six percent penalty and \$3 per parcel costs for preparing the delinquent list.

As of June 1, 1968, there were 104,000 property owners who had not paid their taxes for the fiscal year of 1967-68, the tax collector stated, which amounts to \$45,715,835 in unpaid taxes.

PERSONALS

FREE, FREE, FREE — have a clean flag to fly on the Fourth of July. Vogue Cleaners and Laundry will clean, absolutely free, your American Flag, at any time you bring it in to us. Individuals, or organizations, city or schools, one or a dozen. Just bring them to 370 W. Sierra Madre Blvd. and they will be ready in a day or two — don't wait. It's today — JACK OVERHOLT

CANYONITES — Do you know what upgrading will do to your area? Your City Council is trying to do their best to give you the best. Settle down and work with them instead of pulling against them. Your efforts are entirely wasted — FAITH

The McClellands Enjoying Their Hawaiian Tour

Lewis and Helen McClelland, of Sierra Madre write:

"We are on a wonderful vacation in Hawaii. Have been on the islands of Hawaii, Maui, Kawai and now at Waikiki Oahu. All of our hotels have been new ones and on beach front with both pools and surf to enjoy.

"We are not on a tour, but schedule with much leisure arranged by Art Johnson of Rambeau Travel Service. It was through news story and advertisements in your paper we learned of this efficient travel service.

"We are enjoying ourselves, and wish to thank Sierra Madre News for giving us the tip."

SIERRA MADRE NEWS—5

Troop No. 372

Paper Drive

St. Rita's Boy Scout Troop No. 372 is holding a paper drive this Friday and Saturday, June 28, 29, in the parking lot of St. Rita's School.

A reminder for those of you already contacted about paper pick-up, pick up of papers will be all day on Friday and Saturday up to 4 p.m. If you have any old papers and have not been contacted, or need someone to pick up the papers, please phone 355-2410.

Crib Crop

Already proud parents of two boys, Paul and Sandy Brassard are now the proud, happy parents of a little girl, Tamara Michele.

Tamara was born on June 19 at the Arcadia Methodist Hospital and weighed 5 pounds 9 ounces at birth.

She is the first granddaughter for her paternal grandparents, Dr. and Mrs. Paul Brassard of Glendale. Sierra Madreams, Mr. and Mrs. Douglas Maple are Tamara's maternal grandparents.

Incidentally, Mrs. Maple took care of Tammie's brothers, 4 1/2 year old David and 1 year old Darin, during their mother's stay in the maternity section of the Methodist Hospital. The Brassard family resides at 475 Grand View.

Nothing is so blind as an investigating committee that doesn't want to investigate.

Carl Olson Succumbs At 79, On June 25

After a lengthy illness, Carl Olson of 169 E. Laurel Ave., passed away on June 25 in a Duarte sanitarium.

Before his retirement Mr. Olson had been a gardener by profession and at one time was the gardener at the Baldwin Estate.

The deceased was born in Minnesota on September 5, 1888 and had lived in this city for approximately 30 years.

Mourning his death are: his widow, Lorena B. Olson of the Sierra Madre address; a stepson, Miles L. Allen of Ft. Knox, Kentucky; and a brother, Oscar Olson of St. Paul, Minnesota.

Funeral services will be held today, Thursday, June 27 at 2 p.m. in the chapel at Riple Mortuary with the Rev. Richard Anderson, of the Congregational Church, officiating. Interment will be at the Live Oak Cemetery in Monrovia.

WHY MAKE A FEDERAL CASE OF IT ?

The case for federally-chartered savings associations is airtight. Mutual ownership by savings members, guarantee against control by any single individual or group of stockholders. Earnings shared by members through regular dividends at a rate kept in line with safety. Conservative operational practices, under federal supervision, that must meet the test of periodic on-the-spot examinations—without advance warning. (Important note: Pasadena Federal's soundness record far exceeds the national average even for federal associations... 99.60% of current loans in good standing!) Plus, automatic insurance of accounts to \$15,000 by a permanent federal agency. ■ Wouldn't you want your life savings to have this trustworthy protection? You be the judge. ■ ■ ■ ■ ■ YOUR ROSY FUTURE STARTS TODAY ■ FUNDS RECEIVED BY THE 10TH, EARN FROM THE 1ST. ■ 5.13% is earned when our 5% current annual rate is compounded daily and maintained one year. ■ 5.25% is paid on Bonus Certificates held 3 years.

Dorn Makes Big Effort For Tax Reduction Now

County Supervisor Warren Dorn will fly to Sacramento Monday in a last-ditch effort to gain state approval of the county's massive property tax relief measure.

Dorn announced that Assembly Bill 149, which would give the county \$60 million of current state sales tax for property tax relief, will be heard Monday by the Senate Finance Committee, before which he will appear.

"Passage of this bill would mean a reduction of 38-cents per \$100 assessed valuation," he said.

He pointed out that last year, the assembly and the senate pledged property tax relief and "I am going to continue to vigorously push for approval of this measure."

The assembly has passed AB 149, but Dorn, acting president of the County Supervisor's Association of California, predicts "trouble" in the senate committee, headed by Sen. George Miller of Contra Costa County.

"If we are denied an opportunity to broaden our tax base, it just might be the end of local government," he added.

Under law, the county's revenue source is property tax, while the cities are free to adopt various other taxes to support their operations.

Education teaches all of us that there are some questions which nobody can answer.

Arcadia Republican Women's Annual Party Set For July 20

Nearly one thousand invitations have gone out for the "great event" of the year, the Saturday Night Social, to be held July 20 at Farrarville Square, 1311 Rodeo Road, Arcadia. Mrs. William Farrar will again be hostess for the annual party given by the Arcadia Republican Women's Club.

The fun and funds event promises to have all the exhilaration of an old time political rally, the nostalgia of a band concert and a walk in the park, the excitement of firecrackers on the Fourth of July, the romance of dancing under the stars. It's as American as apple pie, hamburgers, hot dogs and ice cream sodas. And it's as modern as tomorrow's headlines and the Hit of the Week.

"Apple Jack" and "phosphates" will be dispensed at 7 o'clock. "Supper" with real stick-to-the-ribs food will be served at 8 according to Mrs. Richard Niver who promises a cure for jaded appetites.

Dexter Jones and the Music Mart Ramblers will be on the bandstand with their incomparable danceable music. Bill Hester and the Gaslight Harmony Four will provide just the right entertainment.

There will be gifts and goodies to buy at the Country Store. There will be pictorial records to take home thanks to Mrs. Wendell Miller with the Polaroid camera "concession." Door prizes will run the gamut from hair-styling to champagne.

Hostesses for the evening will be: Mrs. H. Jack Vail,

Mrs. Paul Mnoian, Mrs. Charles Lesky, Mrs. Donald Miller, Mrs. Ralph Covell, Mrs. George Workman, Mrs. Stanton Gayle, Mrs. A. S. Perkins, Mrs. Ralph Heimdahl, and Mrs. Jack Hardwick.

Committee members assisting Mrs. Douglas Moline, general chairman are: Mrs. H. W. Davidson, Mrs. Stanley Skafte, Mrs. E. C. Rhodes, Mrs. Robert Reising, Mrs. Robert Wagner, Mrs. Donald Miller, Mrs. H. R. Sawtelle, Mrs. R. A. Tritten, and Mrs. George Workman.

Name tags have been designed and made by Mrs. Thomas J. Moore. And Mrs. W. C. Lockmoeller has written the cramp from addressing some 1,000 invitations.

It is expected that many will attend attired in styles that were in vogue at the turn of the century.

It will also be the night of the Big Give-away, with a 23" colored television, a 7" Sony portable TV, and a Polaroid camera being taken home. Mrs. Bartling P. Anderegg, club president, issues the reminder that "you do not have to be present to win." Tickets may be secured from Mrs. C. O. Porter, 1212 N. Santa Anita, Arcadia, phone 447-5418. Reservations should also be made with Mrs. Porter.

Boosters Call For City Swimmers; Plans Announced

Sierra Madre Swim Club Boosters are reminding all boys and girls in the community who have NOT swum in any competition to join the fun at the All-City Swim Meet scheduled from 12 noon to 1:30 p.m. during the July 4th Hometown Celebration.

Boys and girls from 5 to 17 may enter and vie for the ribbon awards given by age group. Those who want to participate in this "swim-in" should be at the municipal pool entrance by 11:30 on July 4 to check in. With school out, and sunny days abounding, the Sierra Madre Swim Club is off to a full summer of swimming and fun, with the first invitational meet of the season, the Alhambra All-Trophy Meet, scheduled this Saturday at Granada Park Pool in Alhambra. It should be attended by a large group from the Sierra Madre team.

The Sierra Madre Swim Club Boosters, parents of team members, are busy, too, with plans for their booth at the Hometown Celebration, which will feature a "baseball throw" for prizes, and the sale of "con-fetti eggs."

Boosters also will be on hand for the timing, record-keeping, and the like, during the All-City Meet.

Folks who raise objections are always sure of a bumper crop.

Sierra Madrean Terri Brett Given Honor

The honor of being named and pictured in the 1968 yearbook, The Pageant, as an outstanding graduate was recently accorded 15 sophomores at Pasadena City College from among the graduating class of 1,659.

Chosen for being outstanding in more than one area and maintaining a grade average equal to that required for transfer to a University of California campus were the following:

Terri Brett of Sierra Madre was active in forensics; a member of the Student Advisory Committee to the president; chairman of the Student Curriculum Committee and recorder for Student Advisory Committee for Personnel Services; treasurer, vice president and president of WAA; a member of Omicron Mu Delta, highest honorary service organization; and recipient of a \$500 Elizabeth Jensen Scholarship.

Sierra Mesa 6th Graders

At Sierra Mesa Elementary, the graduating 6th graders had a full day Thursday, June 13, which included an assembly, a delicious luncheon in their honor with a delightful program, followed by a swim party.

Those graduating from 6th grade were: From Mr. Wagoner's class: Glen Abraham, William Annas, Peter Burke, Edward Capelle, James Cass, Lynn Chivers, Paul Cowell, Laura Decker, John Duckworth, Sarah Foote, Cheryl Godley, Damon Herbert, Denise Lehner, Jon Matteson, Gordon McDonald, Patricia McKelvey, Mary Murphy, Cynthia Nybye, Deborah Padgett, Deborah Plaut, Brian Pondo, Richard Resh, Patsy Robinson, Caetano Roderiguez, John Rouse, Lynn Sloop, Jeffrey Stetson, Kevin Sweeney, Philip Toze, Debbie Tressen, Vern Vine and Arlington Wingrove.

From Mrs. Wise's class: Mark Abernethy, Charles Addy, Craig Anderson, Dewey Beckwith, Craig Bennett, Susan Bishop, David Chamberlain, Mark Clancy, Mary Corp, Kathryn Drury, Mary Anne Ehlers, Sherri Fisher, Geoffrey Goldberg, Sharon Jamieson, Dayna Jensen, Gil Keppler, David Klasky, Andrew Krol, Jac Nickoloff, Kevin Paschall, Kathleen Potter, Carl Quistberg, Kimberly Reed, Kenneth Rees, Dana Rowe, Richard Rutledge, Dean Shelly, Jeffrey Simons, Pamela Stornie, Carolyn Wagner, Ronald Watson, Victoria Young and Darrell Wagner.

Congratulations! People who fish for compliments wait with baited breath.

The G.I. Bill helped educate 116 Congressmen.

You and Your Neighbors

by NANCY BRYAN

Included among the 4000 degrees given at Stanford University on June 16 were Candace M. Chambers, a degree in Education and Master of Arts, and Cameron R. Graham with Bachelor of Laws degree.

Doris Street, a busy, busy gal. A Red Cross worker at the local office, she spends much of her free time running down old ny-lons. Seems that these are used by our servicemen in hospitals in Subic Bay, P.I., in making toys as a therapy. Got any old ny-lons you're going to throw out??

Home from Brigham Young University in Provo, Utah, is Miss Marilyn Ashby, daughter of the Robert Ashbys of 3845 Fairmeade Road. Other daughter, Janet is busy attending summer school at PHS, while son, David is looking for a summer job.

Starting June 28, new summer hours for the Youth

Summer Session At PCC Starts Class July 29

The first summer session at Pasadena City College, which started June 17, showed an enrollment of 5,072 students, of whom approximately 30 percent attend evening classes only, according to E. Erdley Beauchamp, dean of student personnel services for the evening school.

There are 218 classes offered during the first session which concludes July 26, with classes scheduled mostly from 7:30 a.m. to 1:30 p.m., and evenings from 6 p.m. to 10 p.m.

Community Services classes also are scheduled during the summer on the PCC campus, at the Community Adult Training Center on North Lake and at other sites in the community. The second summer session runs from July 29 through September 6. Applications for admission will be accepted through July 29 and programming for classes through July 30.

Employment Service will prevail. They will be open on Tuesdays and Thursdays only from 2 p.m. until 5 p.m. This will be until further notice.

Miss Joann Hutchinson of Cleveland, Ohio, was the houseguest of John and Sylvia Teem of 286 E. Alegria two weeks ago. She came out to attend a Librarians' Conference held in Los Angeles.

Our 20th year in Sierra Madre

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—

millions leave them there!

TRIUMPHANT TRIANGLE

HOME . . . SCHOOL . . . CHURCH! The predominant influences in the life of a child.

The Home provides love, security, example—to shape the growing personality.

The School develops the mind, stimulates initiative, nurtures social responsibility.

The Church cultivates faith and character, building the spiritual foundations of a noble life.

Wise parents understand the vital importance of each of these influences in the growth of their child. They work faithfully to strengthen all three.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
II Chronicles 34:1-7	Matthew 22:34-45	John 13:12-20	Ephesians 6:1-9	II Thessalonians 1:3-12	I Timothy 4:11-16	Titus 2:1-10

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

By
Toni Maurin
Sycamore 7-9634

It is said that "fools rush in where angels fear to tread." True, true, true! And there is no fool like a do-it-yourselfer. Speaking for myself, I have sublime confidence that all I need to accomplish the most difficult of tasks is a minimum of tools and a lot of confidence. This has served me well on occasion, but on the other hand I have had disastrous results with my fool-hardy attitude.

Now you take the other day for instance. Being pretty caught up on my daily work and having no immediate demanding project at hand I cast my eyes about looking for something constructive to do. My eyes lit on a simple little chair that always rather annoyed me because I felt the proportions were awkward. The legs were a little tall for the back. "Simple," I said to myself, "I'll just cut the legs off a bit and it will be just right."

Now I'm not exactly stupid and I fully realized the pitfalls of trying to cut off four legs so they come out even, but having this overblown confidence I was telling you about, I felt sure that with care I could overcome any normal difficulties. Not being the sort of person that works well under tension I quietly but firmly informed the children that Mother would be out in the garage building things and under no circumstances was I to be disturbed. They rolled their eyes a bit but they went along with the plan.

Thus having arranged things I went out with my little long legged chair to the garage and neatly arranged all my tools. My first stumbling block was the saw. I seemed to be left with only a rough cross-cut saw and felt doing this fine furniture work I should have a finishing saw. Not to be thrown easily I got out a hack saw. Then the ruler and a pencil to carefully mark each leg on all four sides. The two back legs were at a slight angle

— Please turn to Page 8 —

Sierra Madre Canyon Wash Report

allow percolation, and the area between the old and new channel walls will be filled.

11. There will be some temporary construction easements required outside of the final channel walls, but these will not require the removal of any buildings.

12. The existing foot and pedestrian bridges across the channel will be replaced in most cases; if two bridges service the same property, they may be combined.

13. The channel will be designed and provisions made to pick up existing local drainage into the channel.

Future:
If the City wishes to provide for future betterments, the following conditions would control:

14. The Corps of Engineers will provide at no cost to the City openings where requested by the City for proposed future City-provided drainage facilities.

15. The channel walls will be designed to support the construction equipment. If the City requires additional strengthening for future adjacent and paralleling streets, or for future bridges, the cost must be met by the City.

16. The Los Angeles County Flood Control District will make minor relocations or adjustment in street bridges, but if the City wishes to widen any street bridges, the cost must be met by the City.

Other Items of Interest

1. Pipe or covered channel versus open channel:
The Los Angeles County Flood Control District and United States Corps of Engineers at one time presented a plan based on a pipe or covered channel, and have now presented an open channel plan. It is the Corps' present position certain construction and right-of-way costs have changed and the open channel provides the required protection at the lowest possible cost, will require the least right-of-way during construction since the equipment to place pipe of this size would need extra room, and can be constructed in the shortest time since a covered channel would require an extra 28-day curing period for the concrete. The added cost for the covered channel is estimated at \$100,000.

2. Right-of-way:
Needed right-of-way and structures will be acquired either at negotiated prices or by condemnation. Under condemnation the price is determined by the court. Excess right-of-way, not needed after completion, will be disposed of by the Los Angeles County Flood Control District. The exact method of disposal and final ownership will depend on the title held and the desires of the City and adjacent owners.

If the Los Angeles County Flood Control District has an easement only, the land will be quitclaimed to the adjacent owner (either City or private.)

If the Los Angeles County Flood Control District has fee title, the land will be sold to the adjacent owner (City or private) with the City having prior rights to acquire any land needed for public purposes. The Los Angeles County Flood Control District is aware of the canyon parking problem and the fact that the area presently used for parking on Sturtevant Drive will be reduced by the channel realignment. The District has expressed its willingness to cooperate with the City in any possible solutions which occur by reason of the channel construction.

3. Other proposed or possible solutions:
There have been several proposed solutions by interested parties.

These have been investigated by the Los Angeles County Flood Control District or Corps of Engineers and the following cover their comments.

A. Realign and reconstruct the channel only at the curves:
By the time spiral curves are provided at each of the curves, as required to properly handle the water flow, a major portion of the channel must be replaced. The tie-in of the new channel to the existing channel would be difficult. The maintenance of the remaining portions of the existing channel would be difficult and expensive.

B. Install vanes at the curves:
While the basic principal is correct, the proposal is unsatisfactory due to the high cost, structural problems of tying into the existing channel, and the collection of trash in the vanes. The same thing can be accomplished at a lower cost by super-elevating the curves.

C. Reduce required channel size by increasing debris and water storage area upstream:
This is the most complicated of the proposals, but is based on the fact that the channel is designed for the maximum out-flow from the dam produced by the "design storm." If this out-flow can be reduced by storing part of the peak inflow behind the dam, the out-flow requirement is reduced. The economical capacity of possible excavation behind the dam is required for anticipated debris and water, and therefore peak capacity is not available.

This proposal would require the creation of an upstream debris dam or rack that would increase the total debris capacity behind the dam.

Calculations in our office indicate this increased capacity would need to be 100 acre feet, or approximately 160,000 cubic yards.

Again, the principal is sound, but the construction costs due to location, height, the need to tie into sides of canyon etc. made the application appear impracticable.

NOTE: If the City Council desires additional study of any of the above proposals, the City Council would need to appropriate sufficient funds to refer this matter to a Registered Engineer of sufficient professional stature to assure the acceptance of his design investigation by the Los Angeles County Flood Control District and the United States Corps of Engineers. Depending on the proposal to be studied the range of costs would be from \$5,000 to \$20,000.

(To be continued)

TRANSIT TOPICS

News and information about your public-owned transit system, published in this newspaper as a service from the Southern California Rapid Transit District.

by
ARTIE DEE
Transportation Editor

June is the month young people try to prove two can live as cheaply as one; that is, if one of them doesn't eat. In fact, that isn't the only lesson they learn, once the knot is tied. I got a package deal when Martha and I became one; her mother came to live with us. One of the mistakes many newly marrieds make is, too many payments and not enough income. RTD can go a long way in keeping this condition from developing, by providing low cost ExtraCAR service and eliminating the need for that second car. By not buying and operating a second car, a young couple can save up to \$100 per month. Think about that, and send for a system map.

As of June 1st, the big red London double decker buses began shuttle service to the Queen Mary, within 100 feet of it, that is. The "Queen" is located at her permanent berth along side Pier J. Destined to become a floating maritime museum, hotel, cafes, nite clubs, shops, and convention center in about a year. Take the 36 line to the Long Beach Terminal at 56 North Long Beach Boulevard. From the terminal, it is a short walk to Broadway and Pine, where the shuttle buses leave from. Send for a system map today.

Come the 4th of July, this town will be busting out all over with fireworks displays. Contrary to popular belief, more of these are free, than otherwise. For the 13th successive year, the Department of Parks and Recreation for the City of Los Angeles will be sponsoring fireworks displays at 28 locations. During the day there will be games, races, baseball, contests, dances and picnics. Last year these free displays drew almost 1/4 million good folks. The RTD network of lines serving Los Angeles and surrounding communities can't help but reach many of these recreation areas. Send for a system map and plan to take in one of these exciting displays.

Q. Is there a bus from La Mirada or Norwalk that goes to Laguna Beach? Also, is there bus service from La Mirada or Whittier to Perris? Mrs. H.W.

A. You can catch the 58 line from Norwalk to Santa Ana & the Laguna Stages from Santa Ana to Laguna. For Perris, take the 58 from La Mirada to Los Angeles, and the 60 line to Riverside Station. From the Station, there is a bus to Perris.

Q. Please tell me how to get to Corona from Alhambra. How long would it take? Mrs. C.T.

A. Probably the easiest way would be to take the 52 line on Main in Alhambra to 6th and Spring, walk or ride to the new terminal at 6th and Los Angeles. Catch the 58 line to Orange and change to the 59 line to Corona. This trip will take approximately 3 hours.

Q. I have a job on West 6th and I want to move to West Covina. How long would it take me to get to work, and how would I do it? Miss T.M.

A. The 60 line from West Covina to Los Angeles takes about 50 minutes, and the trip on the 3 line out 6th, would run about 15 minutes. I'll send you timetables and a map.

Q. How often does the Pomona bus go from San Dimas to Pomona and how late does it return? Mrs. O.J.

A. About every hour and you can get a bus back to San Dimas as late as 12:13 a.m. I'll send you a timetable.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

Set sail for a rosy future

No matter what your distant goals may be—you'll move ahead farther and faster with a growing savings account to back your progress. When ill winds blow, and the future looks dim, those savings provide an anchor to windward, a safe port till the storm is over.

A good time to start your Rosy Future is today. And

a good place is Pasadena Federal Savings, where you'll earn the nation's highest rates, with insurance protection to \$15,000. Whether you open your account with a few dollars, or many thousands, you'll find the same prompt and courteous service. Because, we like to think we're also the nation's friendliest association. So do drop in (free parking) or save-by-mail (with free postage).

Villa Views by Toni

Mrs. Anthony Artukovich.

The Rosemary Cottage Bridge Group No. 1 met at the home of Mrs. James Smith last week for luncheon and cards. Those present were Mrs. Wells Pleas, Mrs. Henry Smith, Mrs. Norman White, Mrs. William Baugh, Mrs. Sidney Parker, Mrs. Kenneth Christianson, and Mrs. Gene Rode.

Ken and Peg Christianson entertained Peg's bridge club last week with a new twist. This time the young adults were invited as well as the girls' husbands. At the Christiansons there is never a lack of activity. During the cocktail hour there were all sorts of games going on; ping-pong, horse shoes, pool, and swimming, which was followed by a buffet dinner. After dinner they got the whole gang into their den to view some of the pictures taken of the girls when they have gone on some of their little trips together to Palm Springs and to the Carver's beach house and ranch. Showing the pictures also served to gather them en masse to surprise Terry Carver with a birthday card and gifts. "Hap" Fraser had created the card especially for Terry and it was extremely clever and timely.

After the surprise the adults played bridge and the young adults danced. It was truly a delightful evening for all. The couples were Barbara and Vincent Hueblein, Marilyn and Blair Hyde, B. J. and "Hap" Fraser, Amy and Dr. Tom Callister, Mary and Bill Caldwell, Rita and Harry Christiansen, Maxine and Bob Gibson, and of course Terry and Carlton Carver. In addition there were about 15 young adults.

From Edison School were Mr. Bill Mair, Mrs. Tula Kraska, and Mrs. Lynne Lockard. Mrs. Kent Seegmiller and Mr. Bob Snetsinger were also there to help make the party a success.

Mr. and Mrs. Leo Majich of Fairpoint gave an informal dinner party for a few of their friends recently. The next meeting to be scheduled is for Thursday, July 11, 1968 at 7:30 p.m. in the Council Chambers of the City Hall.

In the group were Mr. and Mrs. John Eppard, Mr. and Mrs. William Blackshaw, Mr. and Mrs. Roger Hopkins, Mr. and Mrs. Donald Kendall, and Mr. and

Winners At Bridge Benefit

The annual bridge tournament sponsored by the Sierra Madre Auxiliary of the Crippled Children's Guild was concluded at the final playoff on June 15. Co-chairmen of the event were Mrs. Richard H. Kohler and Mrs. Roger O. L'Heureux.

Trophy winners of the three evening flights for couples were Mr. and Mrs. Earl Officer, Mr. and Mrs. Edward Savadjan, and Mr. and Mrs. August Chiary. Afternoon women's flight winners were Mrs. John A. Stephens and Mrs. William Cary, Mrs. Stan Thompson and Mrs. Carlton Gustafson, Mrs. Roger O. L'Heureux and Mrs. Charles Burch. Proceeds from the bridge tournament are given to Orthopaedic Hospital to be used for work with crippled children.

Out of the hospital and home recuperating is John Tattersall, 9 year old son of James and Shirley Tattersall of 1665 Rodeo. Hope you're soon feeling tip-top, John!

Donald Carter

ber for Sierra Engineering Co., where he is employed. The Industrial Research (I.R. 100) Award in Bio-medical Science was given to Sierra Engineering Co. for one of the 100 most significant new technical products of the year 1967.

For the past two years Carter's efforts have been directed toward the development of the anesthesiology medical human simulator, generally known as Sim One, and a computer controlled dental training human simulator that is presently in the proposal stage on the drawing board at Sierra Engineering Co.

Carter is originally from Miles City, Montana, where he graduated from grade and high school. He went on to graduate in Mechanical Engineering Design at Tri-State College, Angola, Indiana in 1950. Since that time Mr. Carter has expanded his education in many areas at various colleges in Washington and California. Some of his recent studies have been in Human Engineering and the Life Sciences pursuant to his current work with human simulator systems.

Donald lives with his family in South Pasadena. He has three children ages 8, 9 and 14 years.

Security First National To Change Name July 1

Security First National Bank and Pacific National Bank of San Francisco jointly announced today their intention to merge on July 1. The merged institution will be known as Security Pacific National Bank.

In commenting on the announcement, Frederick G. Larkin, Jr., president and chief executive officer of Security Bank, said: "We are extremely pleased that we are able to proceed with this merger without delay. As the largest bank headquartered in Southern California, we are looking forward to this opportunity to expand into the north. We believe we have a real contribution to make to our present and prospective customers throughout the entire state."

The statutory period within which the Justice Department could have filed suit under the anti-trust laws to prevent the merger has expired without such action having occurred.

The merger agreement, approved earlier by the Comptroller of the Currency, provides that Pacific National Bank will be merged with Security Bank under the latter's charter.

Head office of the new Security Pacific National Bank will remain at 561 S. Spring St., Los Angeles, the present headquarters of Security First National Bank.

Pacific National's office at 333 Montgomery St., located in San Francisco's financial district, becomes the northern California headquarters of the merged institution.

Frederick G. Larkin, Jr., president of Security Bank, now becomes president and chief executive officer and chairman, Managing Committee, of the merged bank. Carl K. Schleck, president and chief executive officer of Pacific National Bank, becomes executive vice president in charge of the merged bank's northern California headquarters and a member of the Managing Committee.

The new regular meeting will be on June 29 at the Park House. Lola Bullock introduced Mr. Ford, who is sponsored by the Southern California Gas Co. He gave a delightful program of "Heroes of the Old West" with songs and tales of Early California bad guys and some good people who helped make history. He was accompanied by Miss Muriel Berman at the piano. After the program, bridge and canasta were enjoyed.

Ernest and Frances Widner, 230 S. Mountain Trail in Sierra Madre were listed among the award winners from the Nutrilite Products Inc. at a convention held in Beverly Hills on June 22.

One of Sierra Madre's most pleasant citizens who always seems to have a smile and nice word is Mrs. Rachel Bailey of Windsor Lane. A pleasure to know you, Mrs. Bailey.

Senior Citizens Met June 22

The Sierra Madre Senior Citizens Club was called to order on June 22, at 11:45 by the first vice president, Helen Hill. President Doken is still vacationing.

Minette Ring gave the invocation and the Lord's Prayer was recited. The Pledge of Allegiance to the Flag was given and Roland Ridgeway led in the singing of "God Bless America," "Hail, Hail the Gang's All Here," and "The More We Get Together." Vivian Singleton was at the piano. Mr. Ridgeway read a humorous article by Mr. Evans called "The Fly in the Soup" and the group recessed for lunch and guests, Helen Anderson and Ann Lochmoeller were welcomed.

After the meeting resumed, Dorothy Crouchey read the minutes of the last meeting in the absence of secretary, Millie Freislinger, who is on vacation. The treasurer's report was given by Pearl Patterson. Lucy Fergin reported on members who are ill. Frances Gardner, second vice president, offered tickets to an antique show and said the May and June birthdays would be celebrated at the July 6 meeting, which will be a picnic meeting at the home of Betsy Stevens.

The next regular meeting will be on June 29 at the Park House. Lola Bullock introduced Mr. Ford, who is sponsored by the Southern California Gas Co. He gave a delightful program of "Heroes of the Old West" with songs and tales of Early California bad guys and some good people who helped make history. He was accompanied by Miss Muriel Berman at the piano. After the program, bridge and canasta were enjoyed.

Ernest and Frances Widner, 230 S. Mountain Trail in Sierra Madre were listed among the award winners from the Nutrilite Products Inc. at a convention held in Beverly Hills on June 22.

One of Sierra Madre's most pleasant citizens who always seems to have a smile and nice word is Mrs. Rachel Bailey of Windsor Lane. A pleasure to know you, Mrs. Bailey.

SPORTS AS Hank Ives SEES IT

A WHOLE LOT OF THIS AND THAT . . .

I'LL BELIEVE WILT CHAMBERLAIN playing for the Lakers when I see him in the uniform and on the floor at the Forum.

EVERYONE HAS AN OPINION about Gary Beban and his potential as a pro quarterback. Here's mine. If Otto Graham thinks young Gary can make the grade, then so do I. On top of that, Bob Waterfield has been a Beban booster for three years. That's a mighty astute braintrust.

IT WON'T BE LONG before the Los Angeles City and Catholic All-Star squads start training for the Big Brothers charity contest at the Coliseum July 11. The Long Beach - Orange County prep tilt goes July 13 at Veteran's Memorial Stadium in Long Beach. Then it's the North - South Shrine Game in the Coliseum, July 25, the Whittier Kiwanis All-Star Game August 8 in Cerritos and the San Gabriel Valley All-Star contest August 15 at Citrus. The Orange County North-South fracas is August 22 at Orange Coast. Anyone for prep football?

DUNN MARTEEN, ex-Santa Ana, Cal State L.A. and JRB quarterback is the father of bouncing twin sons.

A RECORD FOR SURE . . . Jockey Harry Hawkensen won races at two tracks on two different breeds of horses, and on the same day, before and after sunset.

Hawkensen won on quarter-horse race and two on thoroughbreds at the Solano County Fair at Vallejo then sped 60 miles to San Mateo where he won a race at the Bay Meadows night quarter-horse meeting. It's got to be a record.

BILL SHARMAN liked what he saw during his two-week summer rookie camp. Bill will have a pair of big mobile good shooting

centers in Ed Johnson and Carl Fuller, both 6-9, with 7-foot Larry Buncie also available unless he is used for trade bait. The Stars are loaded with guard talent headed by All-Americans Larry Miller and Merv Jackson. It looks like Pasadena College ace Lloyd Higgins will sign later in the summer after he fulfills a high-jumping engagement in Mexico City. (Not the Olympic Games, although if he were really to put his mind to it, Higgins could be a regular 7-foot jumper).

CHAMP CARTWRIGHT, coach at Pasadena College, is tickled that both Higgins and Ben Foster were asked to the Star camp. "They are both fine boys and excellent athletes," said Champ. "We are extremely proud of them and hope they make the grade in pro basketball."

IF OLD HANKUS were picking his American League All-Star team it would go like this: Bill Freehan of Detroit behind the plate; Boog Powell, Baltimore at firstbase; Baltimore's Dave Johnson at second with Jim Fregosi at short; Brooks Robinson at third with Frank Howard, Carl Yastrzemski and Willie Horton in the outfield. Denny McLain, Luis Tiant, Sam McDowell, Mel Stottlemyre head the mound corps.

IN THE N.L. put Cincy's rookie catcher Johnny Bench in the starting lineup. Willie McCovey goes at firstbase, another rookie, Felix Millan of Atlanta at second, there isn't a good hitting shortstop in the league so Pittsburgh's Gene Alley gets the nod with Ron Santo at third. Pete Rose, Rusty Staub and Curt Flood get our vote in the outfield. Don Drysdale, Bob Gibson, Steve Carlton, Woody Fryman and Jerry Koosman get the hurling assignments.

LOOKING BACK A YEAR . . . Jim Ryan ran a 3:51.1 Please turn to Page 15

Audit of Declaration Reports

Assessor Philip Watson Pick Up Extra 844-Million

County Assessor Philip E. Watson announced this week that \$84,000,000 in escape and penalty assessments were added to the assessment roll as a result of the 1967-68 audit of business property affidavits conducted by his audit staff.

An extra \$204,000,000 in solvent credits also was revealed in the audit findings, for an additional tax collection of \$7,750,000 for local taxing agencies, Watson said.

In the five years Watson's department has been auditing business property declarations, a total of approximately \$274 million in additional assessed value and \$570 million in solvent credits has been recovered by the County, for a five-year additional tax collection of almost \$24,000,000.

The past years' audits involved 7,300 documents with a total of \$82,200,000 in escape assessments and only \$1,800,000 in penalties. The Assessor said there has been a sharp decline in penalties, primarily because of a further statutory reduction in the amount of penalty that can be levied.

State law now prescribes a flat 35 percent penalty for willful underreporting. This is a reduction from a 50 percent penalty allowed last year and a change of the law which originally allowed penalties of up to 1,000 percent.

Watson's audit program was begun in 1963, his first year in office, under state law which left auditing up to the individual Assessor. Under provisions of AB 80, passed in 1966, Assessors now must audit, at least once every four years, businesses with a market value in personal property of more than \$50,000.

After the mandatory audit program was passed, the six southern counties of the state joined together with Los Angeles County in a joint-county audit program in which one county audits for all the counties in which

a company is doing business. This saves time and money for both the counties and the businesses being audited, since a single audit trip can do the job of several.

Marvin Blatt, Chief of the Los Angeles County Audit Division, is now serving his second year as president of the Joint-County Audit Program. He reports that 280 joint audits were performed during the first year of the program's existence. It is anticipated that a larger work load will be performed in 1968-69 as the operation gets into maximum production.

Watson pointed out that the cooperative audit program represents a real savings to the taxpayer. The State Board makes out-of-county audit service available to any county, but the average State Board audit charge is just under \$400 per audit, while cost per audit in the joint program has averaged only \$64.

Sierra Madrean Of Former Years Earns Degree

Ted Velasquez, son of Mr. and Mrs. John Velasquez was graduated from San Diego State College with an A.B. Degree June 7.

Mr. Velasquez received his degree from the art department with emphasis in graphic communication. Commencement address was given by Dr. John A. Hunter, president of Louisiana State University. Confering of degrees was given by President Malcolm A. Love.

Mr. Velasquez was born and raised in Sierra Madre but now resides in La Jolla. He is on the staff at the University of California, San Diego, office of Architects and Engineers.

Don't make a mountain out of a molehill unless there's a big demand for real estate.

Sierra Madre Swim Team Opens Dual Meet Season

Sierra Madre Swim Team opened its dual meet season Saturday, June 22, against San Gabriel and came away with a convincing 326-135 victory.

Leading the local swimmers were triple winners William McDonald (8-under) in the freestyle, breaststroke, and backstroke; Kevin Paschall (11-12) in the individual medley, breaststroke, and backstroke; Peggy Bullard (13-14) in butterfly, individual medley, and 100-yard freestyle; John Cowan (13-14) in the 100-yard freestyle, individual medley, and breaststroke; Sue Banis (15-17) in the 50- and 100-yard freestyle and backstroke; and Chris Cholewiak (15-17) in butterfly, individual medley, and backstroke.

Double-winners included Kathy Cowan (8-under) in breaststroke, and backstroke; Christa Erpenbeck (9-10) in butterfly and individual medley; Jenny Jacobsen (13-14) in 50 freestyle and breaststroke; and Joanne Ball (11-12) in butterfly and individual medley.

Those placing first in a single event were Wendy Mitchell (9-10) in backstroke, Mitch Mitchell (9-10) in backstroke; Alex McDonald (9-10) in freestyle; Danny Banis (9-10) in the individual medley; Pat Brown (9-10) in breaststroke; Debby Temple (11-12) in freestyle; Paul Pfeiffer (11-12) in backstroke; Adrienne John (11-12) in backstroke; Christie McDonald (11-12) in breaststroke; Debby Edward (13-14) in backstroke; Dominique Paschall (15-17) in breast-

Services Held Wed., June 26

Steve Pessel, a long time resident of Sierra Madre and recently of Long Beach, passed away Sunday morning, June 23, after a lengthy illness.

He was born in Lone Tree, Iowa, Dec. 28, 1886, came to California in 1914, moving with his family to Sierra Madre in 1921. He was a member of the Sierra Madre Volunteer Fire Dept. and became a life member of that organization.

He is survived by his widow Grace A. Pessel, two daughters, Lorraine Murphy of Long Beach, and Dorothy Kennedy of Sierra Madre, three grandchildren, Stephen B. Murphy, serving in Vietnam; William S. Murphy of Long Beach, and Anne Kennedy, also of this community.

Funeral services to be

Sermon: 'In the Beginning God'

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will have for his sermon Sunday at 11 a.m. "In the beginning God." Text: Genesis 1:1.

"In recent years debates concerning certain books have become quite common. For centuries one of the most heated controversies has centered around the book known as Genesis," says Rev. Anderson, and continues with:

"Everyone is familiar with certain aspects of this book even if they have never read it. There is creation in six days. Eve made out of Adam's rib, the serpent, the apple, an ark and a flood, etc., etc. Although most of the controversy has centered around the validity of the historicity of the facts presented in this book. I feel such debate misses much of the message which this portion of Scripture endeavors to communicate."

Rev. Anderson concludes with: "This first book in the Bible gives us a basis for understanding the problems and the possibilities of relatedness to God and to one another. The problems begin with broken trust and result in broken lives but the possibilities begin with God and personal faith in Him. The message of Genesis is this, that broken lives can be healed."

Sunday school meets at 9:30 a.m.

conductor at Coon's Funeral Parlor, 10th and Obispo Aves., Long Beach at 2 p.m. Wednesday, June 26.

Letters To the Editor

Dear Editor:

As president of the Sierra Madre Kiwanis Club, I would like to extend a sincere thank you on behalf of all the members of the club for the very wonderful coverage given to us in your newspaper for our recent Pancake Breakfast.

We appreciate very much the publicity and all your fine appeals to the general public to support this worthwhile function.

It may be of particular interest to you, that the breakfast this year was the best we have ever had, and we feel that it was due in no small part to our wonderful friends who contribute both their services and supplies. A final accounting is not yet available, however, tentative results show that we will net in the area of \$700.00 to \$800.00. Needless to say, this will go a long way toward getting our project well on its way.

Again may I express my heartfelt thanks for your wonderful cooperation.

Cordially yours,
—Guy Rossi,
President.

Dear Editor:

On or shortly after June 27 we will know whether we have been successful in our signature-gathering drive to qualify the one percent property tax initiative for the November ballot.

Unfortunately, I must be out of the city at that time, though the committee will make the announcement as soon as we have official word. I expect to be back in my office on Monday, July 8.

I anticipate that if we have been successful, the efforts in opposition to the

measure, which have already begun, will be stepped up sharply. To date, primary opposition has come from Mr. Howard Jarvis' United Organizations group, which failed in its efforts to qualify its Abolish-the-Property-Tax initiative, and from the California Taxpayers' Association which took executive board action to oppose the initiative as soon as it began to look as though our drive would be successful.

Cal-Tax has raised the spectre of having to either triple the income tax or more than double the present sales tax to obtain the necessary funding for schools and welfare costs once they can no longer be obtained from the property tax. Since I was not invited to participate in any discussions that may have preceded the Cal-Tax action, I had no opportunity to challenge these statements at the outset, but there are scare tactics of the worst sort. It would have been more constructive had the organization undertaken a serious study of where replacement revenues could most logically and properly be sought.

The purpose of this letter is to request you, in the event the initiative is qualified in my absence from Los Angeles, to remain open-minded until we have been able to have a full, public discussion of the initiative. It seemed pointless to engage in debate until we had the measure qualified, at a time when our first effort had to be directed at signature gathering. I can assure you, however, that I intend to wage a vigorous campaign for the proposal and hope for your support.

Very truly yours,
—Philip E. Watson
Los Angeles County Assessor.

Dear Editor:

When the Second Amendment to the Constitution was written, as a part of the Bill of Rights, there was no doubt to its meaning. But then, one had to be prepared to protest oneself from Indians, etc., and later, in the days of the "Wild West," from bands of marauding bandits. Although laws were passed regarding the indiscriminate use of firearms in public places, the right to protect life and property were sacrosanct, and laws regarding ownership of weapons were dealt with rarely.

Of course, these events happened many years ago before civilization had progressed to the point at which it is today. One no longer has to fear bands of marauding Indians who would, once they pillaged your house, raped your wife and killed your children, burn down the structure.

Unfortunately, in those days the police—the well regulated militia—and the government troops many times arrived too late.

But what of today? One out of three Americans feels it is unsafe to walk the streets after dark. One out of 25 will be the victim of serious crime—either directly or indirectly. One hundred and forty cities across this country have been hit by riots in one year's time.

Probably it was worse with the Indians, but the government did not recommend disarming the law-abiding citizens. The government did not protect the Indians who were burning and looting.

Today, when the riots which the government is fomenting and financing hit your neighborhood and the officials decide your home is not worth protecting and they have your firearms besides (as a result of registration), what will you do?

Instead of registering firearms, let's register criminals, Communists, and aliens, and possibly even the politicians who are so eagerly experimenting with our lives and property.

—Richard E. Woodin.

Unusual Flag

fact that the first Masonic Lodge in Guam was named after the Charleston and this flag was used at its opening ceremonies. Mrs. Gordon Lloyd's grandfather, Dr. Fredrick A. Hesler was one of the first doctors on Guam and Hesler street was named in his honor.

World War I survivors now number 1,800,000, 120,000 less than last year.

Robert M. Vander Zaag New Minister For Bethany Church

Bethany Church of Sierra Madre this week welcomes the Rev. Mr. Robert M. Vander Zaag as their new pastor, succeeding Dr. Robert N. Schaper who resigned last year after 14 years at Bethany to become Professor of Pastoral Theology and Dean of Students at Fuller Theological Seminary in Pasadena.

Mr. Vander Zaag, 35, a native of Grand Rapids, Michigan, and a 1961 graduate of Gordon Divinity School, comes to Bethany from the Evangelical Congregational Church of South Easton, Massachusetts, which he has served for the past five years, and which has more than doubled in size under his ministry. Prior to serving this congregation he pastored the Union Congregational Church of Magnolia, Massachusetts. In addition to his regular pastoral duties Mr. Vander Zaag has served, and is now serving as second vice president of the Conservative Congregational Christian Conference, as well as chairman of the Trascion Missionary Society.

Mr. Vander Zaag became a Christian while serving a tour of duty with the USAF in England. He was led to receive Christ as his personal Saviour by his First Sergeant, a memorable fellow who had himself received Christ only a scant few years before while fighting in Korea.

From the service Mr. Vander Zaag entered Wheaton College, Wheaton, Illinois, though not with any settled conviction that he should become a minister, but simply with the desire to please God and a willingness to serve Him in any way He should direct. He didn't know at first that God wanted him in the ministry, but God made it clear to him bit by bit and led him step by step to ultimately bring it about. God wanted him in the ministry all along, he says, and it's exactly what he wants now. It's his calling and he hasn't the slightest doubt about that.

Like many ministers, Bob's favorite recreational pastime is golf, which he is anxious to play under the warm California sun.

The Vander Zaags, Bob, Glenda, Deborah 8, and Cheryl 6, will be making their home for the next few months at 158 Santa Anita Court, Sierra Madre. Glenda is a native of Philadelphia where she graduated from the Philadelphia School of Bible before going on to Wheaton College where she and Bob met as undergraduates. She has taught in the public schools of the Boston area, and, as an accomplished musician, served as accompanist for the Word of Life Ministry of Jack Wyrztem in the East.

A public reception for the Vander Zaags will be held this Sunday evening at 7 p.m. at Bethany Church. The community is cordially invited to join with the members and friends of Bethany in welcoming the Vander Zaags to the church and to Sierra Madre.

Sunday Sermon Announced Faith Lutheran

"Singing Through the Summer" is the title of the current sermon series by the Rev. Armin Hesse, pastor of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena. In the 10 o'clock Sunday morning worship hour, Pastor Hesse will bring together the Old Testament Psalms and the 4th of July Independence celebration as he speaks on Psalm 20, "The Patriotic Psalm."

Meeting at 9, the Sanctuary Bible Class will conclude a two-month consideration of "Ethical and Christian Principles Related to Current Issues," giving attention to "Cigarette Smoking in the Light of Recent Surveys," and "What does the Bible Say Concerning Welfare."

Beginning on July 7 and extending through August 11, the pastor will direct the class in another study on "Matters Relevant to Proposed Altar and Pulpit Fellowship with the American Lutheran Church," a decision which will confront The Lutheran Church—Missouri Synod, in its 1969 Denver Convention.

At noon on Sunday, the youth of the church will meet on the church parking lot where they will leave for Huntington State Beach for an afternoon outing.

Sierra Madre
Low On
Sales Tax

Although Sierra Madre ranks 59th among the 76 cities in the county for population, this week's report from Chairman Richard Nevins of the State Board of Equalization listed Sierra Madre as 72nd among the cities in receiving its share of the sales tax dollar.

According to his report \$7,978,125 was distributed to cities in Los Angeles County, and Sierra Madre received as its share \$3,125. Only LaVerne, \$3,000; Avalon, \$2,250; Palos Verdes Estates, \$1,625, and Walnut, \$375 was less than Sierra Madre.

Arcadia received, \$43,750; Monrovia, \$38,750; Pasadena, \$192,500; Rosemead, \$21,000; South Pasadena, \$14,500; Irwindale, \$25,000; San Marino, \$7,250; Monterey Park, \$30,000, and Baldwin Park, \$15,000. Those are the cities around Sierra Madre.

Living Spanish-American War veterans number 12,000, all over 80.

Devery Alice Krohn Wed To
Mr. Peter Edward Wright

MRS. PETER EDWARD WRIGHT
... Nee Devery Alice Krohn

A wedding trip to San Francisco followed the marriage of Miss Devery Alice Krohn, daughter of Mr. and Mrs. William Krohn of 3774 Newhaven Road, to Mr. Peter Edward Wright, son of Mr. and Mrs. D. E. Wright of Des Peres, Mo., on June 22. Rev. James A. Froede officiated at the 2 p.m. ceremony, which took place in the Michillinda Presbyterian Church in Pasadena with 150 guests in attendance with the reception following at the bride's family home.

The radiant bride wore a bridal creation of silk organza and chantilly lace designed with tulip sleeves and an "A" shaped skirt. The bodice was of chantilly lace and the organza skirt, which had appliques of lace, flowed into and joined a full length chapel train of lace which fell from the shoulders of the gown. A spray of lace petals held the bride's veil in place.

Attending the bride as matron of honor was her sister, Mrs. Merrill Sharpes of Diamond Bar, while Mrs. Robert Turnbull of Goleta and Miss Debbie Jandegian of Pasadena acted as bridesmaids. They wore floor length gowns of yellow crepe with hats of yellow veiling.

Serving as best man was M. Robert Turnbull of Goleta, Calif. Ushers were Mr. Wayne Covert and Mr. James Allison, both of Pasadena.

Niece and nephew of the bride, Kim and Greg Sharpes of Diamond Bar, acted as flower girl and ring bearer for their aunt's marriage.

Pasadena High School and Sawyer's College of Business claim the former Miss Krohn as an alumna. Mr. Wright, who attended

Pasadena High School and Pasadena City College, plans to continue his schooling at San Diego State.

After July 1, the new Mr. and Mrs. Paul Edward Wright will make their home in San Diego.

Crib Crop

Flags flew when Mr. and Mrs. Homer Eaton's latest family addition was born. Born on June 14, (Flag Day), at the Arcadia Methodist Hospital, Darcy Gale Eaton weighed 6 pounds 5 ounces at birth. Paternal grandparents are Mr. and Mrs. George Eaton of Hamilton, Ohio. Dr. and Mrs. E. R. Benedetto of Alliance, Ohio are Darcy's maternal grandparents. Mrs. Benedetto jetted in from her home state to meet newest grandchild and to help her daughter out for a few weeks. The Eaton's, who reside at 71 Ross Place, have another daughter, Jennifer, 3.

Michael Osmon has a brand new baby brother, born June 10 at the Arcadia Methodist Hospital, weighing 7 pounds 12 ounces. Named Eric Alan, it won't be long before the young man can be a worthwhile playmate for 5½ year old Michael. Mom and dad are William and Celeste Osmon of 542 San Gabriel Avenue and paternal grandparents are Mr. and Mrs. Elmer A. Osmon of Pasadena. Congratulations to all!

On June 15, at Arcadia Methodist Hospital a boy was born to Mr. and Mrs. Frederick Kamminga of 289 E. Grand View Ave.

Richardson
To Fight

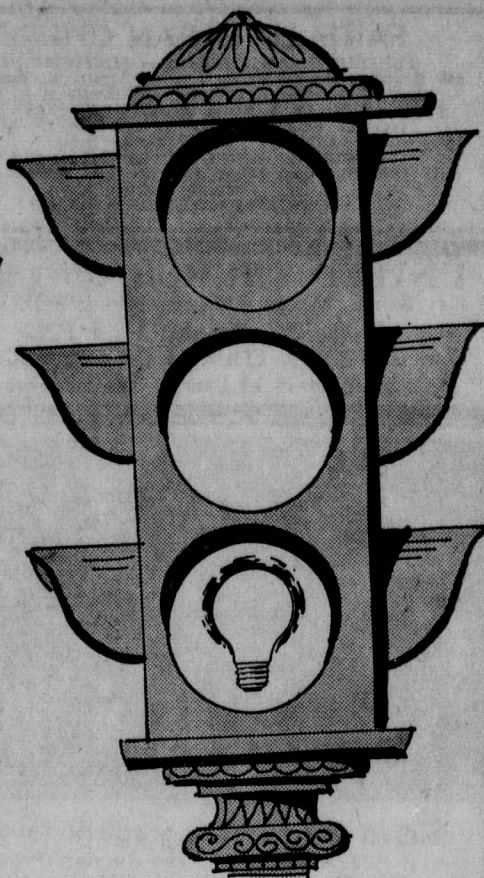

Senator H. L. (Bill) Richardson (R-19) Arcadia, a member of the Senate Education Committee, recently blasted the Federal Health, Education and Welfare Department for launching a probe in Pasadena schools for non-compliance with the civil rights act. Richardson said, "This is a despicable example of 'Big Brother Government' and bureaucracy at work."

"This probe will create racial disunity, tension and misunderstanding. The whole situation is another example of what happens when a community goes into partnership with the Federal Government by accepting funds. No strings attached — just CHAINS. It is nothing but Federal blackmail."

Currently Pasadena is receiving more than \$100 million in Federal funds for various educational programs and equipment. This sum is threatened with removal if the Pasadena school district is found guilty of "something wrong."

Richardson stated, "I am shocked that the Federal Government would extend its tentacles into Pasadena without at least consulting the State representative in the area. Coming just prior to the recent bond election, it may well be the reason the bond election lost. I would like to have an investigation as to what kind of material was fed into their computers. They would do well to stay in Washington and clean up their own backyard."

Enrollment in veterans education programs stood at 450,000 at the end of March 1968.

Birthday Bonanza For All

Shopping Bags Hold First Anniversary Sale

A first birthday is always an exciting time, and doubly so when the honoree is Shopping Bag Food Stores, Inc., a supermarket chain covering Los Angeles, San Bernardino and Orange Counties.

Just a year ago the Shopping Bag chain was separated from Vons Grocery Co. by court decree, and was acquired by the E. F. MacDonald Company, which is headquartered in Dayton, Ohio.

To celebrate their first birthday, Shopping Bag's family of employees are staging a "Birthday Bonanza" for all their customers. The entire month of July has been proclaimed as "special," and the stores will be decorated for a party with coffee and cake to be served this weekend. Special food buys and bargains will be available for Shopping Bag's customers. Those shoppers who have birthdays in July will be presented with a birthday gift of 100 Blue Chip Stamps, and there will be eight million Blue Chip stamps offered as prizes. They will be awarded throughout the 40-store chain at an awarding to be held on July 21st at the close of the birthday celebration.

As part of the festivities the recently remodeled and reopened Shopping Bag market in Lancaster is being shown with pride as representative of the entire chain. The latest innovations of produce, meat, and grocery product presentations are part of the Lancaster store's operation. This is the third market so remodeled in the past year, and is really just the beginning for future remodeling and renovations. Several new locations are also now in various stages of planning and development for all-new Shopping Bag markets.

Shopping Bag's first year "on their own" has not been an idle period. The two thousand plus employees who are employed by the Shopping Bag chain have learned to work together toward their common interests. This cooperation was personified in the Partners-In-Progress program initiated early in the chain's first year to encourage the participation of each employee into and for the entire operation. Prizes and incentives were awarded for employees' initiative and inventive actions and ideas.

Later in the year Shopping Bag elected and chose by competition three checkers throughout the forty-store chain as "Checkers of the Year." These three employees, Marie Groth, Jean Salvino, and May Beam, were chosen because of their efficiency and courtesy to their customers, and were deemed as representative checkers for the entire chain.

N. H. Bolstad, president of Shopping Bag, recently praised the efforts of the company's employees. "Our challenges have been constant," Mr. Bolstad stated, "but with tremendous spirit and support each challenge was met and today we have a stronger company."

"As we look towards our second year, we see more challenges, more hard work, and more satisfaction in a job well done," Mr. Bolstad

Canyon Residents

In reply Mr. V. Beisswinger told of fire insurance cancellations on at least two properties in the canyon and said he felt more cancellations would be forthcoming.

Members of the Goals Committee were present, along with the members of the Planning Commission, and a brief discussion on the necessity of a planning director and the next steps that should be taken to implement further step in the comprehensive master plan development.

It was indicated that the next probable step will be the appointment of further committees to delve further into the diversified sections of the recommendations of the goal's committee report.

IF YOU ARE A SALESMAN Or Any Other PROFESSIONAL PERSON

You Belong In The Sierra Madre Toastmasters CALL

355-9723 355-0759

Protected Fire

must return the permit to the Police Department where it will be "signed in." The Police Department will hold the permit for pick-up by Fire Prevention personnel. It is stated on the permit that it must be returned to the Police Department no later than 9 p.m. on the date of issue; this should insure that the persons will not stay in the Closed Fire Area after dark.

Anyone entering the Closed Protected Fire Area will be subject to citation under Section 5134 (a) and (b) of the Sierra Madre City Code.

Wilderness Area Receives First Burn

T. Dresser will head a team which will investigate the cause of Biancalana's death. Another firefighter, Stephen S. Wark, 19, of 199 Merrill Ave., suffered a two-inch gash in the top of his right foot. He is a member of the Oak Grove hot shot crew.

Porter said the fire was contained at noon and controlled before mid-afternoon. He said a mop-up crew of about 50 men worked in the rugged area all through the night.

Fast action by air and ground crews headed by Forest Service fire control

officer Gene Kemble was credited with stopping the blaze before it destroyed more irreplaceable timber and threatened the urban area of Sierra Madre two miles away. Absence of high winds also helped. Two air tankers and two helicopters backed up about 100 firefighters from the U.S. Forest Service and the County Fire Department, Porter said.

Rugged terrain and lack of roads in the wilderness area in Little Santa Anita Canyon, scene of the fire, handicapped firefighters getting to the blaze.

Pop Warner

He said that if people say that there is no connection then we had better forget about the game altogether. Coach Steelhead said that prayer has a stabilizing influence. It is invigorating. It stimulates intellectual activity.

After the speeches by the two coaches, three Pasadena Pop Warner Coaches answered questions from the audience.

Mrs. Effie Grene, secretary, signed up many new prospects for Pop Warner. Mr. McKay, president, adjourned the meeting at about 9:30 p.m.

Dog Licenses Due On July First

Hall, between the hours of 8 a.m. and 5 p.m. Monday through Friday. BE SURE TO TAKE A VALID RABIES CERTIFICATE with you, as no proof — no license. (City Hall clerks tell us that it is not necessary to bring the dog along!)

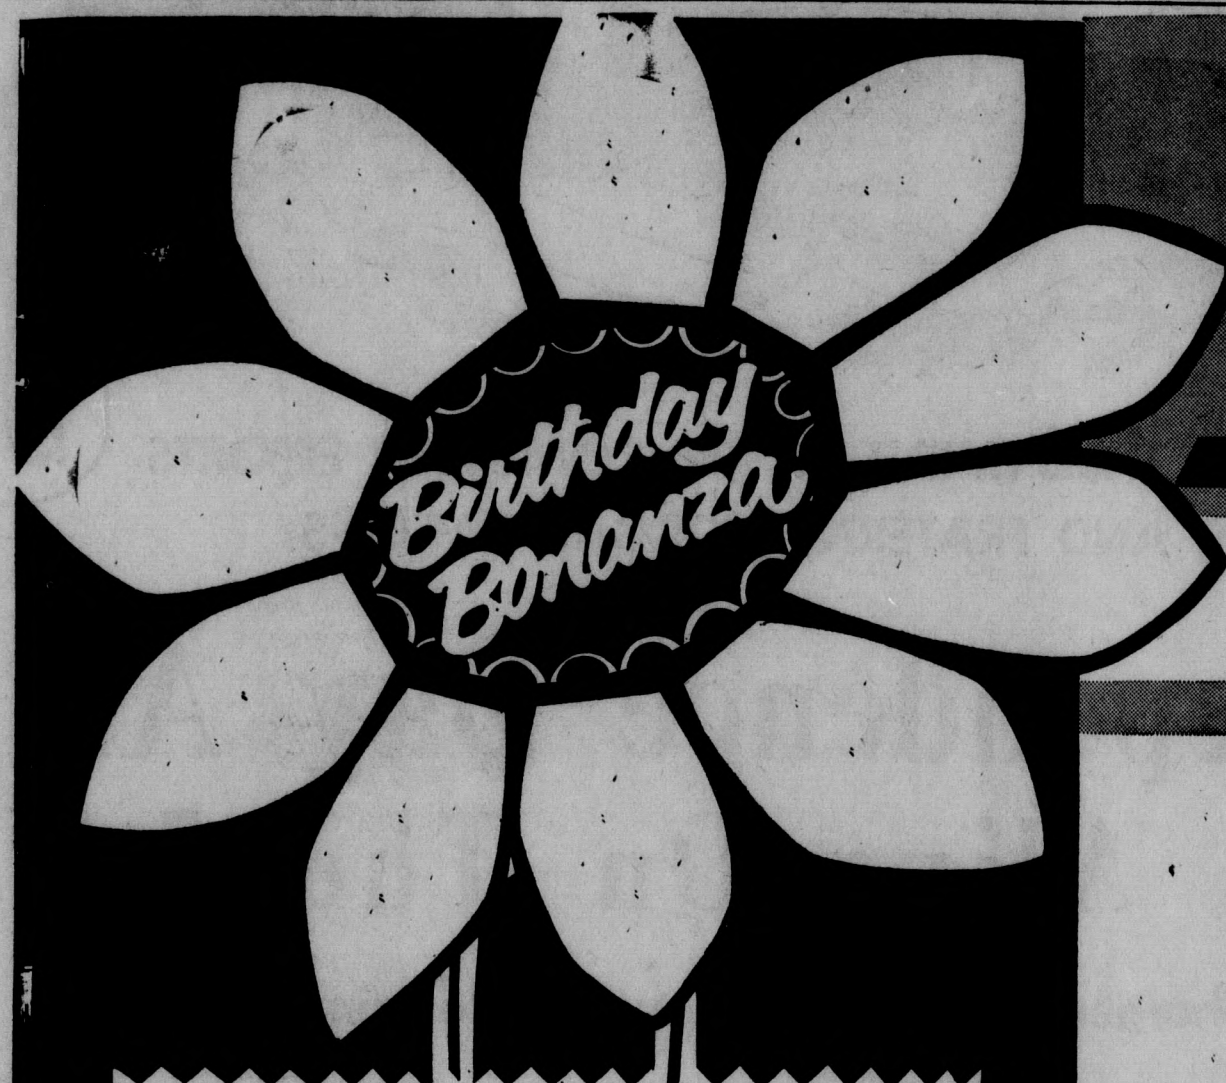

Also, in regards to your pet. There seems to be an unusually large number of dogs running the streets unleashed. Most people are aware of the leash law, but to refresh everyone's memory . . . by our city codes, "It is unlawful for any person, firm or corporation owning or having charge,

care, custody or control of any dog, to cause, permit or allow the same to be or to run at large, whether licensed or not, in or upon any public highway, street, alley, park, or other public place, or upon any private property or premises other than those of the person, firm or corporation owning or having charge, care, custody or control of such dog, unless such dog be restrained by a substantial chain or leash not exceeding six feet in length, and is in the care, custody or control of a competent person."

IN SIERRA MADRE

Population 12,071
El Monte showed the greatest increase, and was listed at 394 per cent increase and Irwindale showed the smallest by a minus 28.5 per cent.
Dwelling units in Sierra Madre showed an increase since 1960 of 224 per cent from 3,613 in 1960 to 4,459 as of April 1, 1968, while Los Angeles County experienced 20.7 per cent increase in housing.
As of February 20, 1968, Los Angeles County now has 77 cities with the incorporation of Carson, California with a population of 60,105.

As Hank Ives Sees It
miles and Paul Wilson vaulted 17-8 in record-breaking performances at the AAU meet at Bakersfield... Dr. Fager won the Arlington Classic by 10 lengths... Gardner Dickinson won his first toumey in five years in winning Cleveland Open... Mark Donohue won 200-mile Watkins Glen Grand Prix in a Lola-Chevrolet for his fourth U.S. road racing triumph in five starts... Mike Epstein was traded to Senators and bashed long homer in first appearance... Jim McGlothlin hurled fifth shutout 7-0 over Cleveland.
SAN DIEGO STATE won the second straight CCAA Ironmen trophy with a total of 64 points while garnering three first place finishes (football, basketball and cross country).
It's sad, but true—more people can stand up against failure than against success.
The successful borrower is like lightning—he never strikes twice in the same place.

Neighbors
We're most happy to hear that Robert Turek, son of Mr. and Mrs. Robert Turek of 151 Colony Drive, is finally at home recuperating. The young man suffered very serious injuries in an automobile accident last May 2. The Turek family feel that the speed of Bob's recovery has been aided by the help and many prayers given by their friends, neighbors, parishioners of St. Rita's, Sisters of St. Rita's, and Father O'Malley and Father Callanan. Aren't people thoughtful and wonderful?

First Western Has New Check Charge
"Two dollars top" is the way First Western Bank managers throughout the 86-branch system describe their new checking account service charge schedule, now being inaugurated.
Designed for the bank's "First Rate Checking Account," the service charge payment schedule calls for a \$2. For accounts whose minimum monthly balance is between \$0 and \$299. Thus the highest rate charge to be made any customer is \$2. For accounts from \$300-\$499, the service charge is only \$1. And no charges are made on accounts of \$500 and above.
Have confidence — your troubles today will seem trivial tomorrow.
You can't convince any man he is deceiving his wife if his fictionalized excuse works.

Crib Crop
Mr. and Mrs. Fred Van Winkle were the proud parents of a 6 lb. 6 oz. boy June 19, Mathew Fredrick, who has a sister Sarah, 20 months. The happy grandparents are Mr. and Mrs. C. Manning of Pasadena and Mr. and Mrs. Seth Van Winkle of Sierra Madre.
Time proves that only the worker succeeds in this life — not the fellow who is worked.
Schedules remind a man how far he is behind in his chosen work.

SIERRA MADRE NEWS—15
Thursday, June 27, 1968
CARROT TOP
By Robert Evans
... but I just have to stick my nose in this one... Did you read the Letter to the Editor last week from Dick Dodge, former Parks and Recreation Director? He was appalled that the good citizens of Sierra Madre had not memorialized our former Mayor Severin Sorenson.
— CT —
I have thought of this many, many times myself, and I feel that many others have also. But putting it into effect... well, I suppose everyone is waiting for everyone else, so now Dick Dodge has suggested to name the Study Room at the Sierra Madre Public Library after this great man... To me this is a tremendous idea, and we ask those responsible and those who have the direction within their power... let's do it. We already have come up "a day late and a dollar short" as far as this man is concerned... Why put it off any longer, a dedication should take place as soon as possible.
— CT —
This is the week that we publish the program for the Fourth of July Celebration and you will find it elsewhere in this issue, sponsored by the businessmen of the community as a public service and a thank you for your patronage. We cannot say that this is definitely the whole program, because it is still several days until the Fourth of July, but new additions will be noted in the issue of July 3 and they will be all for your enjoyment. The people in charge are really going all out and it is going to be a humdinger.
— CT —
First Buzzard—"That was a new two-engine jet that just went by. Don't you wish you could fly that fast?"
Second Buzzard—"Listen, if I had two tails and they were both on fire, you wouldn't even see me as I went by."... Well, many, many times I have stood on the hill and tried to watch those jets go by... I know just what that buzzard means.
— CT —
In closing the column for this week, June 27, I close out the sixth year that I have been Editor and Publisher of your hometown newspaper. During that time there have been many disappointments, but I can truthfully say that the enjoyment side of the scale has always been the heaviest... Personally, I would not have traded any one of these years for any ten in my life.
— CT —
So, next week, July 3, we start our seventh year and the future looks very bright and very good, full of smooth enjoyment... the next two years will be the "September months" and then on to "December"... God willing, it is our full intent of semi-retirement in the year 1972 and on to full retirement in 1977... Only nine more years to go, and in Sierra Madre they will fly by, this I hope, I hope, I hope.
Frank and Louise Barbour are excitedly looking forward to next month. Son, Dennis, is expected home from Viet Nam some time around the middle of July. He will join his wife in Vallejo and then will be attending nuclear school at Mare Island. Glad Dennis will soon be on home shores.

Out of the Cobwebs

ties incident to the opening of the season at Redondo Beach, the first of the week.

Forty Years Ago: June 23, 1928

The Modern Priscillas enjoyed a delightful picnic in the Upper Arroyo Seco Thursday afternoon. Hostesses for the occasion were Mrs. J. M. Campbell, Mrs. C. W. Jones, Miss Lydia Webster and Miss Flora Vannier.

Mr. and Mrs. F. H. Hartman left Tuesday afternoon for San Diego where they attended the meetings of the State Pharmaceutical Association. The meetings were held at the famous U. S. Grant Hotel.

J. W. Tyree of 140 S. Hermosa has opened a bicycle shop in Compton. He will continue his shop in Sierra Madre also.

Tom Tyler, proprietor of the Sierra Madre Furniture Co., with his son, George, has been enjoying a fortnight's vacation at Giant Forest in Sequoia National Park. Mrs. Tyler, who has been running the store, is expecting them home Saturday.

Mrs. Arthur M. Udell and daughter, Hazel, are leaving today for Grand Canyon, Ariz., where Mr. Udell is engaged on a government road contract. They expect to remain several weeks.

Mrs. Frederick C. Blake and daughter, Helen, arrived last week to spend the

summer with Mrs. Blake's father, A. N. Adams.

Ten Years Ago:

June 26, 1958
Blyth & Co. has purchased \$300,000 worth of Sierra Madre City School District bonds at a sale conducted by the County Board of Supervisors, First District Supervisor Frank G. Bonelli reported.

The first concert by the Sierra Madre Band will be Friday evening at 8 o'clock in Memorial Park. The band, directed by Walter Laursen, will play excerpts from "My Fair Lady," Sousa's "King Cotton," "Colonel Bogey" and "Overture in Classical Style."

Jim Heasley's passing left most of us with a feeling of personal loss and nearly everyone has closeted away memories of Jim's friendly acts. One household in particular will never forget the times Jim good-naturedly carted their vagabond dog back home—instead of taking him to the canine clink (as he might rightfully have done). The gregarious (and lazy) pooch would go down the hill and "turn himself in" at the police desk—knowing that whenever Jim was on duty he'd get a ride home in the front seat of the patrol car.

Cathy Franco, daughter of Mr. and Mrs. Franklin A. Franco, 409 Mountain Trail, was soloist at Pasadena High School Baccalaureate service. She sang "Ave Maria" and was accompanied at the organ by Kenneth E. Ford. At the Class Day assembly, she was presented with the C. O. Arnold Vocal Music Award.

Mr. and Mrs. Samuel Gould are leaving their rented home at 3040 Claremeva and moving to 2404 Galbreth, near Altadena Drive, Altadena.

Neighbors

Mr. and Mrs. Charles (Bertha) Fried of 249 Auburn, have returned from a seven weeks trip to Florida. (California C. of C., please excuse the mention!) Anyway, they had a lovely time, and while there visited with relatives and friends. Many of the people they visited, including Mrs. Fried's brother, are formerly from the Fried's hometown, Yonkers, New York. In addition to visiting, much time was spent on the beaches and in the surf, which was delightfully warm and a clear blue, green.

Alexandra deKansky, who was 9 on June 2, had a birthday party on June 4 with a number of her acquaintances helping her celebrate. Fun prevailed with games, birthday cake and ice cream. Birthday wishes to Alexandra and many more. Also, congratulations to her mother, Mrs. Helga deKansky who directed the whole affair... what with a fairly new baby (less than a month old) and all, I think that's pretty good.

VA estimates that six out of 10 veterans may need to change beneficiaries listed on their insurance policies.

Editorially Speaking ..

Uneasy America!

Even before the shooting of Senator Kennedy, so sharply had the country's concern grown over the frightening increase in crime that the demand for stronger police forces was almost universal in major cities throughout the country.

In Washington, D.C., for example, when the size of the city's police force was increased by 1000 men last month, the Washington Post breathed this editorial sigh of relief:

"The jump is not too drastic to meet the rising demand for restoration of law and order . . . (The city) cannot wait for the ameliorating effects of long-range social changes."

Republican Congressman Clark MacGregor of Minnesota recently said the idea "held by some politicians and social revolutionaries" that we can end crime by fighting poverty is "simplistic." MacGregor is the ranking minority member of the House Judiciary Committee.

In Chicago, addressing an emergency business leaders' conference on crime, he pointed out that since the war on poverty began in 1964, crime in this nation has risen by nearly 50 per cent. Nor will poverty explain the enormous increases in juvenile crime and drug abuse by young people in affluent suburbs, he said.

MacGregor's point carried the implication that millions of economically poor Americans living decent, law-abiding lives give the lie to the argument that poverty and crime are synonymous.

Crime in the United States has increased almost nine times as fast as the population in the past seven years, he warned, and if the current rate of crime growth continues the number of rapes, robberies, assaults and thefts will double by the end of 1972.

"We will either succeed in re-establishing respect for law and order in America, or we will succumb to the law of the jungle," he said.

The cold figures point accusingly at the role of the courts in fighting crime. Only one in eight major crimes results in arrest and conviction, MacGregor reported.

Meanwhile, organized crime has become a \$50-billion a year business, so big the individual citizen really can't grasp the scope or meaning of it. And J. Edgar Hoover says groups preaching violence and revolution are on the increase, and their stockpiling of weapons is of grave concern.

All of which causes a growing feeling that we have begun to pay the price of leniency — in law enforcement, in the courts, in our schools and homes.

There are even those who believe we are now paying for the permissive school craze and for the permissive child behavior pattern advocated by Dr. Spock and others about a generation ago.

Particularly in the aftermath of the King and Kennedy shootings, the facts and fears all add up to an uneasy America.

We Must Know!

On Tuesday morning June 4, 1968, Californians by the millions trooped to the voting booths to record their preferences for President, United States Senator, the Congress, the State Legislature, a multitude of local offices and one a multitude of issues confronting the citizenry.

Such is the orderly process of government in these United States.

When the polls had closed that Tuesday night, the winners savored the wines of victory, the losers swallowed the gall of defeat, and the people of the state prepared to join the rest of the nation in going to bed.

It was obvious Senator Robert F. Kennedy had won a handsome victory over Senator Eugene McCarthy. It seemed likely Senator Thomas H. Kuchel would go down to defeat at the hands of State Superintendent of Public Instruction Max Rafferty. Former State Controller Alan Cranston had won an easy victory for the Democratic U.S. Senate nomination.

Then tragedy. A gunman cut down Senator Kennedy as he met with supporters in Los Angeles' Ambassador Hotel.

There were other tragedies that night — muggings, knifings, murders throughout the country — just as there were other tragedies at the time Martin Luther King was assassinated and just as there were the day John F. Kennedy was felled.

The shock of the shooting of Bobby Kennedy, however, illuminates with fearsome clarity the nature of the jungle which the United States has become.

Apparently not even in strife-torn Vietnam is a public figure's life in as much danger as is the case in the United States. And certainly the Latin American nations, once famed for the coups which upset governments, are not the public shooting galleries which this nation is becoming.

Whether the mysterious assailant who gunned down Bobby Kennedy was a part of some sinister conspiracy is not known at this writing — any more than it is clear whether King's assassination was part of a conspiracy.

If these shootings prove not to be wanton acts of violence but episodes in one or more conspiracies designed to lead the nation to civil revolution, or designed for some other purpose, the facts should be made fully public — for such facts would call for strong action of one type whereas a difference course is obvious if the nation is dealing with single individuals who are responsible for the tragedies.

The orderly election process — the decent governing of the nation by men properly elected by a citizenry of divergent views — will be lost to this country if we can't cope with assassins or conspirators.

The irony of the tragedy which befell Senator Kennedy is that it would occur in a nation dedicated to law and order on an election day chosen to provide the people with a peaceful means of reconciling their philosophical differences.

100 YaeRs Xld

The millions of people who share with us an addiction to the typewriter, whether it be for a living or for cheer, if too infrequent, notes to Aunt Lola, will bear with us if we leave our inexpert typing uncorrected in the heading of this editorial. It's a sort of memorial.

A memorial to the man who 100 years ago on June 23 received a patent for the first commercially successful typewriter and the first such machine ever to be called by that name. It's been called many another name during the ensuing century, to be sure — especially by desperate Laocoons entwined in smudging loops of recalcitrant ribbons. But what would we do without it?

So, a toast to Christopher L. Sholes, whose invention turned us from ink-stained to carbon paper-stained wretches, and made "The quick brown fox" and "Now is the time for all good men" such notable nuggets of our national literature.

FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

According to former Los Angeles County welfare worker Belva Detlof, the following group of case histories is a classic example of what the taxpayers are tolerating and paying for. "Every detail," says Mrs. Detlof, "has been recorded and hidden in the files of the Department of Medical Social Service and the Bureau of Public Assistance in Los Angeles County."

"Heading the cast of characters is Felicia. All she has ever seemed to want was complete and undiluted sexual freedom. 'Welfare workers' eventually tied her down (although not by marriage) to a weak, pallid, ineffectual creature named Pliny."

"Six or more infants born to Felicia as a result of her former promiscuity had died of malnutrition and maternal neglect, according to the Bureau of Public Assistance."

"Felicia was known to be a prostitute by the various caseworkers who handled her case. It seems the social worker decided that since Pliny had twice made Felicia pregnant, he might just as well move in with her and make it official."

"Pliny was then added to the welfare budget set up for Felicia. Thus," according to Mrs. Detlof, "the social worker, not only assured immoral and illegal living arrangements, but also rewarded Felicia by INCREASING HER GRANT."

"Oh yes, the social worker definitely proved that she was 'modern' and 'open minded'. She also proved that she felt no desire to be PUNITIVE toward the adult recipients. (Workers try very hard never to be PUNITIVE). It is considered VERY bad. One is PUNITIVE only if one believes people should live like people and not like animals."

"Pliny had once worked in a local steel mill and had partially supported his legal wife and child. Possibly he might still be employed there, had he not undertaken (at the social worker's request) the task of trying to satisfy Felicia's appetites. Pliny had no time, energy or inclination left for the normal business of earning a living. Work was below his dignity but this appeared to disturb no one in the Welfare Department."

"However something WAS beginning to disturb Felicia. She was not opposed to living with Pliny, providing he was able to satisfy her sexually. This was all described rather vividly in the case histories. Early in 1962 Felicia's dissatisfaction became critical. And in March 1962 Pliny applied at the Santa Monica medical aid office (operated by the Los Angeles County Department of Charities and financed by the taxpayers) and requested free medical care with a private panel physician. The reason given for his request . . . IMPO- TENCY!"

"Rather desperately, he told the admissions workers that if he did not soon recover from his disability, his 'common-law wife' was going to 'kick him out of the house.'"

"Solicitous workers gave him medical service orders to go to a private physician so that he could be treated for 'impotency' in March, with his illicit partner to produce more illegitimate children for the taxpayers to support."

"Pliny started treatment for 'impotency' in March, 1962. The following January Felicia gave birth to another illegitimate infant for the taxpayers to support."

Out of the Cobwebs

Sixty Years Ago: June 28, 1908

Manager Farman of the Sierra Madre Telephone and Telegraph Co., has worn out several pairs of soles in the few weeks just past while keeping tab on the work of his linemen, and other affairs of the company. The big cables have arrived and are ready for stringing on the poles, which will be commenced next Monday. The new office building of the company is nearing completion and by the time the cables are strung along Highland Avenue and Lima Street all will be ready to remove the switchboard to the new quarters. Mr. Farman is hoping that the exchange will be in running order in the new building in about 30 days.

Arrivals at Hotel Shirley: R. R. Ewatts, Dr. Pike, H. N.

Jackson and wife, T. A. Faulkner and wife, Long Beach; J. L. Robinson and wife, A. F. Gault, A. Schellery, J. N. Pyles, Los Angeles.

Rev. Father M. W. Barth has purchased a lot on Baldwin Avenue between Olive and Granite Heights, for the purpose of erecting a Roman Catholic chapel. There are a number of Roman Catholics in the city who will thus be provided with a house of worship of their own denomination.

Milton Steinberger and Franklin Clark drove to Newhall this week and will spend two weeks camping and hunting in the Owens River country.

Mr. and Mrs. W. S. Andrews attended the festival — Please turn to Page 16

Lesson-Sermon Sunday, June 30

"For the law of the spirit of life in Christ Jesus hath made me free from the law of sin and death." This verse from Romans is part of the lesson-sermon to be read in all Christian Science churches this Sunday. Title of the lesson is "Christian Science."

Among related passages from the denominational textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are these lines: "Sickness, sin, and death, being inharmonious, do not originate in God nor belong to His government. His law, rightly understood, destroys them."

VA supplies seven per cent of U.S. hospital care.
